Escanaba, Michigan 49829

Thursday, October 31, 1968

DEMOLITION OF THE Chicago & North Western ore dock, dominant and distinguishing feature of Escanaba's harbor silhouette, is progressing on schedule. Minnesota Lumber & Wrecking, Inc., St. Paul, Minn., expects to complete removal of the first 500 feet of the dock this week to allow start of construction of new boat loading equipment at the end of the dock. The remaining superstructure of the present 1,920-foot dock will be leveled after the close of the iron ore shipping season in December. A large crane is being used in the wrecking operation and the company is salvaging many of the large timbers in the dock. The new low-level dock which will feature conveyor loading of iron ore will be put in operation next spring. The present dock, built in 1903 and completely reconstructed in 1924, is 70 feet high. (Daily Press photo by Dave Andrews).

## Jane's Concludes U.S., Reds In Missile Pact

LONDON (AP) — The new edition of the western world's best known survey of military aircraft says the Soviet Union and the United States appear to have an unwritten agreement to limit their antiballistic missile defense.

Citing U.S. proposals for negotiations to forestall construction of costly American and Soviet ABM systems, Editor John W. R. Taylor wrote in the 1968-69 edition of "Jane's All the World's Aircraft":

"It is often claimed that the Soviet Union and U.S.A. have an unwritten, unadmitted, perhaps

reluctant, but illogically logical agreement to limit their ABM defenses. This is supported by what we know of the present deployment of Russian ABMs. The 'Tallinn' defense system being set up across the northwest approaches to the Soviet Union is intended to deal with aircraft rather than missiles.

"It is interesting, too, to note that Russia's unique fractional orbital ballistic 'space bomb', described for the first time in this edition, is envisaged primarily as a weapon to neutralize the U.S. Air Force's manned bomber bases."

The new edition of Jane's was issued today.

A "fractional orbital" system is one in which a bomb-carrying rocket is sent into space as an orbiting satellite, then is braked by retro-rockets and brought to bear on a target. Jane's said American experts believe that this system can bypass defenses against point-to-point missiles and that the warning time is less than with the usual type of missile.

The publication says the Russians may have tested at least 13 carrier rockets for this 'space bomb' system, sending them into space under the guise of Cosmos satellites for scientific research in space.

Jane's said the first such test is believed to have been the Cosmos 139 shot on Jan. 25, 1967. A number of the Cosmos shots are believed by Western experts to be spy satellites photographing foreign military installations.

By coincidence, the Soviet Union launched Cosmos 250 today, but the distance from the earth of its orbit—between 324 and 345 miles—appeared too high for it to be a bomb carrier or a reconnaissance vehicle.

## Queen Elizabeth Bids Farewell

NEW YORK (AP) — Her three, A - flat steam whistles roaring a heart-stopping farewell, the RMS Queen Elizabeth, the largest passenger liner ever built, sailed from New York harbor Wednesday for the final time.

As the 83,000-ton Royal Mail Ship left the 48th peacetime transatlantic crossing Wednesday of her 28-year career, she was escorted by a flotilla of harbor craft ranging from flag-decked tugs to saucy, bouncing motorboats.

To each craft that hailed her, the last of the leviathans returned the triple notes of the traditional salute of the sea.

Hundreds of New Yorkers jammed the pier end as the liner got under way and thousands more waved from office windows as she steamed regally down the Hudson River.

In retirement the Elizabeth is slated for service as a hotel, museum and convention center in Port Everglades, Fla.—a fate shared by her sister ship the Queen Mary, permanently berthed in Long Beach, Calif.

A man is known by the company he keeps, nobody knows he's keeping.

## Hanoi Hasn't Okayed Bombing Halt: Saigon

### Hong Kong Flu 'Mild'

ATLANTA, Ga. (AP)—A vaccine being developed to combat Hong Kong influenza will not be ready soon enough to avert an international epidemic, says the chief of the U.S. Public Health Service's Communicable Disease Center.

Dr. David J. Sencer said Wednesday the world may be on the threshold of an epidemic of the new type of Asian influenza, discovered this summer in Hong Kong.

"The doctors say it is mild," he added, "but those who have had it tend to argue."

The first case identified out-

side of Asia was a traveler who came down with the disease in Atlanta a few weeks ago, three days after a visit to Hong Kong, Sencer said.

He made his remarks in a speech to the 17th annual meeting of the American Society of Tropical Medicine and Hygiene.

The new strain of Asian influenza broke out in Hong Kong in July and has killed 25 people. It also has been found in Singapore and Formosa.

The health service advisory committee reported in September that the Hong Kong strain

showed marked change from previous strains, and "increases the probability that Asian flu will occur extensively in the United States in the 1968-69 season."

No specific vaccine will be available for three to six months, the committee said. However, the current vaccine for Asian flu may still be partially effective.

The original Asian strain caused a worldwide epidemic when it first appeared in 1957, and an epidemic in this country last year, doctors said.

## U.S. Says Halt Acceptable To Armed Forces

SAIGON (AP) — Amid worldwide speculation that the United States is about to stop the bombing of North Vietnam, President Nguyen Van Thieu told his army today "when we are near to a new step of true and guaranteed peace" the struggle is more difficult and fierce.

Thieu did not attempt to explain this new step, but he had told reporters earlier that North Vietnam had not agreed to U.S. terms for a bombing halt and "we cannot decide to halt the bombing" unless there was some sign of reciprocity from Hanoi.

In a five-minute, taped television address to government troops, Thieu said he was "determined to win over all obstacles and pressure to success" and added: "I believe in your strong support. I need your victories in the battlefield to fight for peace."

At another point he said: "I think that none of us will accept a surrender to the Communists. I am sure that we will win."

"When we are near to a new step of true and guaranteed peace, the common struggle of all the military and civilians is more difficult and more fierce... I, the government and your leaders, must have strong support from all of you... so our stand for peace is safeguarded and we can overcome all obstacles and pressures, and we can safeguard our independence and liberty."

In Tokyo, the newspaper Tokyō Shimbun quoted Australian correspondent Wilfred Burchett as saying that the Viet Cong has ordered a de-escalation of fighting in South Vietnam in expectation of a U.S. bombing halt.

Burchett, who often reflects Hanoi's views, said the North Vietnamese are reacting guardedly to rumors of a bombing halt but judge that there is a possibility it could happen before next Tuesday's presidential election.

Burchett expressed belief the war will continue after a bombing halt and said the Viet Cong intends to continue fighting until the United States recognizes it.

Thieu had talked with reporters following a ceremony honoring South Vietnamese war dead. He told them: "I don't see any respect — response — from Hanoi."

Thieu said another stumbling block is Hanoi's insistence that the Viet Cong's National Liberation Front be treated as a separate delegation at any expanded peace conference. He said his government could not approve of this.

Expectations of a bombing halt were fueled by President Johnson's secret meeting early this week with Gen. Creighton Abrams, the U.S. commander in Vietnam, and by statements from several officials of governments with troops in Vietnam. But the White House and the State Department continued to maintain that there had been "no breakthrough" in the peace effort, and Hanoi gave no sign of any change in its demand that the bombing must be halted without conditions.

**Could Accept Halt**  
The New York Times, quoting authoritative sources in Washington, said Abrams had told Johnson at their White House talks Tuesday that he could accept the consequences of a complete halt in the bombing of North Vietnam under present battlefield conditions.

Abrams declined to comment on the report, but members of his staff said privately they had received no indication his opposition to a bombing halt at this time had changed. These officers said they felt it unlikely that he had flatly accepted any bombing halt without receiving some assurances that the security of his forces would not be seriously jeopardized.

The talk of an imminent bombing halt was heightened by a report that Japanese Prime Minister Eisaku Sato's official spokesman had said he expected the United States to announce the halt "within several hours." Later the Japanese Foreign Ministry denied the spokesman had made such a statement.

The U.S. Command said Air

## LeMay Doubts Hanoi Intent

OKLAHOMA CITY (AP) — Gen. Curtis E. LeMay said Wednesday that despite reports of progress in the Paris peace talks he is convinced North Vietnam intends to carry on the war against South Vietnam.

"I can see no meaningful hope for peace at this stage of the game," the vice presidential candidate on George C. Wallace's third-party ticket said at a fund-raising dinner.

LeMay told 150 persons at a \$25-per-plate dinner that North Vietnam is sending supplies and ammunition into South Vietnam in greater amounts than ever.

Since the bombing north of the 19th parallel stopped, he said, the North Vietnamese have repaired nearly all bridges and roads and have greatly improved their supply routes leading south.

"Where it used to take 100 days for a shipment to go from the border of Red China to the border of South Vietnam," he said, "it now takes only six to eight days."

When asked how a military solution to the war could be found, LeMay said:

"The solution is very easy. Just call up Gen. Creighton Abrams (the U.S. commander in Vietnam) and tell him to win the war and then get out of the way."

## Wayne's Budget

DETROIT (AP) — The Wayne State University board of governors approved an operating budget request Wednesday calling for \$49.3 million. The proposed budget represents an increase of \$11.1 million over the current state appropriation. Student fees and other revenue bring the total budget to \$64.4 million.

## Chicago Negroes Boycott Schools

CHICAGO (AP) — What began six weeks ago as a small boycott at Harrison High School on the West Side now threatens to become a serious crippling of Negro attendance at 27 of the city's 56 public high schools.

During the six weeks the issue has broadened from a demand for removal of a white teacher assigned to teach an Afro-American history course to a complete disavowal of the entire public school system.

However, Negro students and teachers are split—whether to work in or out of the system. So is the Chicago Board of Education—whether to retaliate with disciplinary measures against boycotting students or to meet their demands.

A special meeting of the school board with leaders of the boycott Wednesday night was hastily adjourned after a Negro militant threatened the board members with "an intensification of action that no one will be able to deal with."

## Weather

ESCANABA AND VICINITY—Partly cloudy and warmer today, high 55. Mostly cloudy and warmer tonight with chance of showers, low 40. High yesterday, 48 and low overnight, 45. Friday, cloudy with chance of rain and turning cooler late in the day, high 60. Winds, Southeast to south, 12 to 22 mph, today and tonight shifting to north to northwest, 12 to 22 mph, Friday. Saturday outlook: partly cloudy and cooler. Precipitation probabilities: today, 20%; tonight, 30%; Friday, 40%.

Upper Peninsula — Partly sunny and warmer with highs mostly in the 50s this afternoon. Cloudy and warmer with chance of showers in west portion with lows 37 to 47 tonight. Cloudy with showers likely and turning colder west portion Friday. Highs Friday mostly in the 50s. Sun sets today at 5:37 p.m. and rises Friday at 7:29 a.m.

## Asks Humphrey To Support Electoral Reform

## Nixon Urges Popular Vote Choice

By The Associated Press  
Republican Richard M. Nixon has challenged Democrat Hubert H. Humphrey to join in promising bipartisan support for the popular vote winner should the election go to the House.

An Associated Press survey shows neither party can be assured right now of winning a presidential contest in the House, even though Democrats are ahead in 231 districts—13 more than a majority.

The election would go to the House if no one wins a majority in the Electoral College—a possibility raised by the candidacy of American Independent George C. Wallace.

"If Hubert Humphrey is to enter the White House it would have to be through the back door, through the help of a third party to divide the majority," said Nixon Wednesday in a radio address.

**Demos Ahead**

The uncertainty over a House presidential lineup comes because each state delegation, regardless of size, has one vote. Twenty-six would be a majority.

The Associated Press survey reported today shows Republicans can count 17 votes from state delegations if representatives leading their races get elected. Democrats could count 12 under the same conditions and Wallace one. Sixteen delegations are still questionable. The latest AP survey showed

Democrats ahead in 231 contests, Republicans leading in 180 and 24 tossups. A similar survey a month ago showed Democrats leading in 230, Republicans in 183 and 22 tossups.

Nixon said in his radio speech that election of a minority president in the House would result in "four years of division, disension and despair."

"I call upon Hubert Humphrey to agree with me to accept the decision of the American people, and to support whichever candidate receives the highest popular vote," said Nixon.

Humphrey made no comment immediately.

**Give Pep Talk**

Humphrey campaigned in New York and northern New Jersey Wednesday and today, bidding for the support of the young men and women who followed Sen. Eugene J. McCarthy.

But Humphrey said his biggest task in these last five days of the campaign is to see as many people as he can.

"At this stage, all you can do is give them a pep talk, get out the vote," he told reporters. "They just want to see what you look like. You could recite the Gettysburg Address and they wouldn't remember what you said."

Speaking in Newark, N.J., Humphrey said, "I want to

# College Awarded Federal \$150,706

A \$150,706 grant to Bay de Noc Community College for its new vocational - technical classroom and laboratory building on the new Danforth Rd. campus was part of more than \$3 million in federal funds allocated for vocational education construction programs in Michigan Wednesday by the State Board of Education.

Award of the federal funds to the Community College will allow the college Board of Trustees to spread local tax dollars further in development of the basic campus.

"The \$150,000 grant of federal vocational funds represents a \$75,000 savings for the State of Michigan and a \$75,000 saving for the community college district," said Dr. Richard Rinehart, college president.

Financing of the \$420,000 classroom project was scheduled on a 50-50 basis between the State of Michigan and Bay de Noc. Award of the federal grant will reduce by \$150,706 the amount

tentative approval to working drawings for the building which are being prepared by G. Arntzen & Co. of Escanaba.

Besides vocational - technical facilities, such as a machine shop area, the building also will include laboratories for chemistry classes, etc.

Formal ground breaking ceremonies for development of the new campus were held in August. Bids for construction of the first building are expected to be taken in the near future.

Other federal grants approved by the State Board of Education include \$1 million for an area vocational center in Calhoun County and \$1.01 million for a Kent County vocational - technical center.

Sault Ste. Marie public schools received a \$530,874 grant for vocational facilities in the new Sault Ste. Marie High School and the Oakland Intermediate school district was awarded \$466,130.

## Budget Meeting Called By Board

The Board of Trustees of Bay de Noc Community College will meet in special session at 7:30 p.m. today at the college to discuss budgeting matters.

Dr. Richard Rinehart, college president, said the entire meeting will be devoted to budgeting. He said the 1969-70 operating budget will be discussed, as well as capital outlay, construction and other budgets.

to be divided between the state and the college.

The vocational education grant is established to provide 50 percent of that portion of the building that was strictly vocational and technical and will help the college to operate as an area vocational center, Rinehart explained.

The Board of Trustees of the College earlier this month gave

## Former Resident Dies At Chicago

Mrs. John Coverick, 62, of Chicago, died in Chicago, according to word received by Mr. and Mrs. Lawrence Paquin of Escanaba.

Mrs. Coverick was the former Bernice Paquin and a sister to Lawrence Paquin. She was a former resident of Escanaba and a graduate of St. Joseph High School.

Survivors include three sons, 10 grandchildren and three brothers, Eugene of Chicago, Roland of Milwaukee and Lawrence of Escanaba. Her husband died seven years ago.

Funeral services will be held in Chicago Saturday. Mr. and Mrs. Paquin will attend.

## Veneral Disease Increase Is Cited

There were more cases of gonorrhea (17,000) reported to Michigan Department of Public Health last year than strep sore throats (13,000), Dr. Mary L. Cretens, director of the Delta-Menominee District Health Department, points out.

Detroit ranks near the top in cases of gonorrhea in the United States and in the remainder of the state, she said, cases have increased considerably, especially in the teenage group.

"Decrease in disease will not come about unless cases are discovered and treated early," she said. Information on symptoms and treatment can be obtained from the family physician or the Health Department.

## Services Held Wednesday For Wallace Cameron

Funeral services for Wallace C. Cameron were held at 2:30 p.m. Wednesday at the Memorial Methodist Church with the Rev. William Verhelst officiating. Burial was in the family lot of Fernwood Cemetery.

A memorial service was held at 1 p.m. Wednesday at the Gladstone High School for students and the public.

Palbearers were Dr. Carl Olson, Jerry Becvar, Ron Watson, Don Pfotenhauer, Conan Fisher and Terry Davidson. Honor guards included: area school superintendents, Jerry Albright, Luther Barrett, Leo Brunelle, Gene DeKeyser, Joseph Hampton, Richard Dye, W. J. McClintock, Walter Peters, Hagle Quarnstrom, Gerald Rittenburgh, Frank Stupak, George Weingartner and Edwin Wuehle.

Representatives of the Gladstone School Board and school system, William Swenson, Dr. E. H. Skellenger, Mrs. Lewis Empson, Grant Hess, LeRoy Hamilton, Soren Johnson, Dr. George Kelly, Dr. Otto S. Hult, Jack Temple and John Norton; Eagle Scouts Richard Lorenson, John DeKeyser, Jim and Joe Dehlin, Tom Pfotenhauer and Bart Stupak.

Gladstone school teachers, Msgr. Matt LaViolette and six nuns also formed a special honor guard. Taps were played by Scouts Mike Auguston and Gerald Nyberg.

The British Guiana one-penny stamp of 1856 is considered the rarest stamp in the world.

## Gas Flowing In New Pipeline

TORONTO (AP) — Western Canada natural gas began flowing Wednesday through the Great Lakes Gas Transmission Co. pipeline between Emerson, Man., and Sarnia, Ont.

The pipeline, 36 inches in diameter and costing more than \$200 million was completed Wednesday. It runs about 1,000 miles from Manitoba to Ontario through Minnesota, Wisconsin and Michigan, with an extension to Sault Ste. Marie, Ont.

The pipeline is jointly owned by Trans-Canada Pipe Lines Ltd. and American Natural Gas Co.

Deliveries through the Great Lakes pipeline are expected to average about 450 million cubic feet daily during the first year of operation because of increased Eastern Canada demand.

## Stephenson Fencing Co. Sold To Habitant

Habitant Fence Division of Habitant Shops, Inc., today announced the acquisition of all manufacturing assets of Rustic Products Corp., of Stephenson, producers of "factory fabricated" white cedar fencing.

Habitant, with headquarters at Bay City, Mich., also operates fence manufacturing plants at Gladstone and Alpena, Mich. as well as at Redlake, Minn.

Rustic Products has been a primary wood fence source for Sears, Roebuck & Co., which distributes the line throughout the East, Midwest and Southwest. Habitant's present facilities likewise serve Sears, plus several hundred other accounts nationally.

N. A. Eddy, president of Habitant, indicated that all

management and supervisory personnel of Rustic Products Corp. will be retained and that the plant will be under the direct administration of Harry Westrich, former president of Rustic Products Corp.

Eddy stated, "We are very pleased with this acquisition and have definite plans to substantially expand the output of that factory. All present employees will be retained and total employment should substantially increase. Considerable new machinery and equipment, now on order, will be installed at Stephenson as fast as received."

Westrich stated, "During all the years we here at Rustic Products have been in the fence business, we have recognized

Habitant as being the best-known name and the leader in the field. Myself and my board of directors are happy to have Habitant operating at Stephenson, as we are convinced that they will be a dynamic factor helping the growth and progress and employment in our area."

Habitant further stated that this expansion will necessitate increased purchases of northern white cedar posts, which is the firm's basic raw material. All past and present cedar producers will be contacted shortly regarding their production plans. Eddy pointed out that with Habitant's Gladstone and Stephenson plants only 50 miles apart, material producers will be assured of a greater outlet for all of their material.

The fence designs produced at Stephenson will be prominently displayed at a National Fence Industry Trade Show, at which Habitant has reserved exhibit space, opening in New Orleans Jan. 8.

## No Cause Verdict Returned By Jury In Accident Case

A Circuit Court jury deliberated three hours, 27 minutes Wednesday before returning a verdict of "no cause for action" in the auto negligence suit of William Cretens, 3206 Lake Shore Drive, against August Janke, Ford River Road.

Cretens had asked damages from Janke as a result of an automobile accident on April 16, 1967, in which Cretens' son, Thomas, was struck and killed by a car driven by Janke.

The accident happened on M-35 near the Escanaba city limits.

Trial of the case began Monday before Judge Bernard H. Davidson. Janke was represented by Attorney Arthur Neiman. Clair Hoehn presented the plaintiff's case.

In World War II, the Soviet Union declared war on Japan on Aug. 8, 1945, just seven days before Japan's surrender.

## Tourist Future Of U.P. Will Get Expert Casing

One of the most promising conferences on tourism ever to be held in the Upper Peninsula is scheduled for Nov. 7 and 8 in Marquette under the sponsorship of the Ninth Federal Reserve Bank through the Upper Midwest Research and Development Council.

The sessions on "Developing and Financing Private Outdoor Recreation" is planned to bring new information to industrial, financial and community leaders on how to promote the resources of the area.

Some of the most respected names in the business are be-

search and Development Council, initiated the conference for Michigan and Wisconsin with the cooperation of UPCAP, Operation Action-U.P., the Upper Michigan Tourist Association, Wisconsin Department of Conservation, Northern Wisconsin Development Center, and the university and college field services of Michigan and Wisconsin.

Robert Voigt, associate director of the Midwest Council, is general chairman for the conference.

Ernest Ronn, Negaunee, chairman of the Michigan-Wisconsin State Executive Committee of the Upper Midwest Council, is in charge of local arrangements, and will open the conference sessions Thursday evening, Nov. 7.

In addition to Ronn, other Upper Peninsula members of

## Briefly Told

A duplicate bridge session will be held at 7:30 p.m. Friday at the Stone House.

Escanaba police have issued a traffic court notice to Mary L. Knoll, 1029 S. 13th St., for improper backing.

Franklin School PTA will meet at 8 p.m., Tuesday at the school. The program topic will be, "Child Safety." Refreshments will be served.

A car driven by Verna Hakes 42, Bark River, struck a deer on County Road B-35 just south of County Road 535 in Bark River Township Wednesday, State Police reported.

An immunization clinic will be held Friday afternoon between 2 and 4 at the Delta-Menominee Health Department offices in the Delta County Building.

Joseph Migwanabi, 39, Rte. 1, Wilson, who was arrested by State Police on a charge of aggravated assault, pleaded guilty Wednesday and was sentenced to 30 days in the Menominee County jail. Officers said he was charged with assaulting his wife last July.

David Mannebach, 17, of 523 S. 10th St., today in Municipal Court pleaded guilty to simple larceny and was ordered to pay a fine of \$25 and \$5 costs or go to jail for five days. Police arrested him after an investigation of gas siphoning at Coyne's used car lot in the 400 block, Stephenson Ave.

Stephen Cole, 17, Rapid River, was ticketed by State Police for making an improper turn, no signal, after a two-car accident about 6:20 p.m. Wednesday on U. S. 2 in Masonville Township. Troopers said the accident happened when Cole started to make a left turn as a car driven by Gary Hess, 26, Rapid River, started to pass.

State Police issued traffic summonses Wednesday to Carl Glasure, 109 N. 2nd St., Gladstone, no turn signal and no trailer license; Edward Deford Jr., Rte. 1, Gladstone, no operator's license; Hartley LaButte, Garden, no operator's license; Anthony Pinar, Wells, defective brakes; Gerald Tebear, Schaffer, no operator's license and defective lights; George Majestic, Ensign, no operator's license; Clifford Blixt, 118 S. 22nd St., defective brakes; Evelyn Poquette, 405 S. 17th St., disregarding stop sign, and James Hall, 1914 1st Ave. S., speeding.

## Board Rejects Integration Plan

LIVONIA (AP) — After protests from parents, the Livonia Board of Education voted this week to reject a plan in which Negro children would have been brought into the all-white school district under a "shared learning" program.

The school board rejected the plan 4-3 Monday night after tentatively having approved it earlier.

A number of angry parents had accused the board of "using the children" to achieve social change.

Dr. Henry C. Heusner, director of elementary education for the Detroit suburb, said the program would have called for five or six classroom workshop sessions in which Negro pupils from Detroit would have visited Livonia schools. Four Livonia elementary schools would have participated in the program.

Pupils in grades one through five would have been taken to Livonia from six inner-city Detroit schools.

## Rusty Hellman Called Unfair

LANSING — "I have filed a complaint with the Fair Campaign Practices Commission regarding the campaign of Russell Hellman," Elly Peterson, Republican state chairman, announced here.

She complained about radio tapes being used in the campaign of the Dollar Bay Democrat who is the incumbent state representative from the 110th District.

"After a visit to the Upper Peninsula," Mrs. Peterson said, "I find this action is necessary to insure total honesty in the election because of the use of radio spots purporting to be endorsements of Mr. Hellman by Republican legislators."

"One statement used is supposedly support from State Rep. Charles Varnum of Manistique, Rep. Varnum's statement — taped surreptitiously — was not an endorsement of Russell Hellman. It was a simple statement of fact that all elected Upper Peninsula legislators must band together on certain issues for the benefit of all Upper Peninsula citizens."

"Rep. Varnum's statement is in no way an endorsement of Mr. Hellman, although it has been blatantly twisted by Hellman to be one. This is a complete falsehood and an outright fraud on the people of the 110th District . . ."

"Let it be clearly understood that all Republican senators and representatives are 100 per cent behind the election of Al Wright in the 110th District."

## Car Strikes Boy On His Birthday

VANDALIA (AP) — John Hageman, celebrating his 14th birthday Tuesday, was struck and killed by a car which sped away from the scene of the accident, police said. The Vandalia boy was pronounced dead at the University of Michigan Hospital in Ann Arbor. Police said a Cassopolis man turned himself in to police after the accident.

## Insurance Pool Will Cover Riot Areas

LANSING (AP) — Michigan's basic property insurance pool, aimed at providing coverage for those in potential civil disorder areas, now is ready to go into full operation, Gov. George Romney reports.

The pool plan was created by the 1968 Legislature. It is intended to relieve shortages in the property insurance market over the past several years that were severely aggravated by civil disorders.

Some property owners, particularly in Detroit, had complained they were being refused insurance coverage through normal channels.

All companies in Michigan

writing basic property insurance policies are members of the pool. The share each company must contribute to the pool will be based on the total

## Cleveland-Cliffs

NEW YORK (AP) — Cleveland-Cliffs Iron Co. reported net income for the nine months ended Sept. 30 totaled \$16,930,000, or \$3.93 a share compared to \$11,854,000, or \$2.63 a share, for the same period of 1967. Sales for the first nine months of 1968 totaled \$68,971,000, compared to \$60,432,000 in 1967.

amount of property insurance premiums written in the previous calendar year.

Those who have been refused insurance or believe they will be unable to obtain it are advised to contact offices of the Michigan Inspection Bureau. There are offices located in Detroit, Grand Rapids, Jackson, Kalamazoo, Marquette, Saginaw and Traverse City.

The local office will determine if the applicant is eligible for the basic insurance. Upon approval, the applicant will be notified of the company writing the insurance and the total annual cost.

Such insurance generally cov-

ers direct losses by windstorm, hail, fire, explosion, riot, attending a riot, civil commotion, aircraft, vehicles and smoke.

Romney said he hoped the public and members of the insurance industry will cooperate to make a success of the plan.

"If such cooperation is forthcoming, we will be able to use the creative energies of private enterprise within the framework of law as a means of solving this important social problem," Romney said.

The term robot comes from the Czech word robota, which means work, according to the Encyclopaedia Britannica.

## Ruppe Makes Gains

The indications are that Congressman Philip E. Ruppe (R-Houghton) is stronger as he faces next Tuesday's election against Raymond Clevenger, his Democratic challenger, than he was two years ago when he defeated Clevenger after one term in office.

Clevenger campaigned in 1966 pretty much on a platform of: See what I brought the 11th District from Washington! Clevenger says that Ruppe has voted for all the social welfare programs which he, Clevenger, supported. He denies that he is prone to rush to government as a solution for all economic and civic problems, although he gave a good performance of a man in that role in his two years in Congress.

The difference between him and Ruppe is indicated by Ruppe's report on what Washington has done for the 11th Michigan District during his, Ruppe's, years in Congress. The district, suggests Ruppe, shouldn't be impressed that it gets millions from Washington for public works and other needs because it has a congressman. It should only be impressed when it doesn't get such aid and then should look around for another congressman.

Ruppe noted that the Office of Economic Opportunity reported that in 1967 the federal government sent \$266 million into the 11th District in aid to education, Social Security payments, public works, etc. The estimate for the current year, added to last year, totals about a half billion dollars in the district.

"We're getting more than our fair share of federal support, in comparison to other areas, because our problems are greater and our people are more aggressive in taking advantage of the programs offered," said Ruppe.

This is a more realistic view of the government aid process than the one which suggests "Elect me and I'll get it for you wholesale!"

Ruppe is a liberal on domestic welfare programs and a conservative on foreign aid. He called for de-Americanization of the war in Vietnam in May, 1967 after a visit there.

Clevenger was a "hard act to follow" in the 11th District because he is a highly intelligent man and experienced public official (former state insurance and securities commissioner) and a very hard worker, but Ruppe has done it. He has attracted impressive labor and Democratic support. Clevenger suggests that Ruppe has personal means to campaign with "and I drive my own bus," but that's to argue that the people have no judgment.

Sol Friedman in the Detroit Free Press suggests that Ruppe has run a much more effective campaign, has been "building bridges to Democrats, especially union men, has been crusading for law and order, less spending on problems elsewhere and against the Vietnam war," while in Clevenger's "two years in office, his sarcastic, pugnacious manner made no new friends."

Clevenger's lack of effective campaign issues and his earlier servile identification with a Johnson Administration that everyone wants to get shuck of have left him ineffective in the campaign. Friedman says Billie Farnum had to delete "some of Clevenger's more tasteless assaults on Ruppe's social standing and his rich and comely wife."

Clevenger's attempt to link Ruppe with decision of Ethyl Corp. not to build an Oxford Paper Co. mill at Munising was a wild moon shot. Ruppe simply represents more of the feeling of the 11th District today in his political stance than does Clevenger and the 11th would do well to return Ruppe to Congress and help make a change in Washington truly effective. Unless it's effective in Congress it won't be anywhere.

State Rep. Charles Varnum (R-Manistique) appears a likely winner in the 107th Representative District over former representative Einar Erlandsen, Democrat, of Escanaba.

Erlandsen is suggesting to voters that if he's returned his seniority in the House will be valuable to his district in committee power. We'd like to elect somebody who'd get some action on the delayed project to finish the State Office Building in Escanaba, but Varnum should eventually be able to do something about it if the Legislature stays Republican.

Meanwhile he's a very hard working representative who runs an office that is responsive to public requests for service, and he has a progressive outlook, an education and experience that fit him well for public life. A professional educator, he matches Erlandsen's devotion to support of education and tops him in some other qualifications. We think his re-election will serve the district's best interest.

## Inside Job

A Chicago-based insurance publication has come up with an interesting footnote to the annual state of reports from the FBI on the alarming increase in crime.

According to the Journal of American Insurance, it's not the man with the mask and gun but the employee with the white or blue collar who presents American business with its major theft problem.

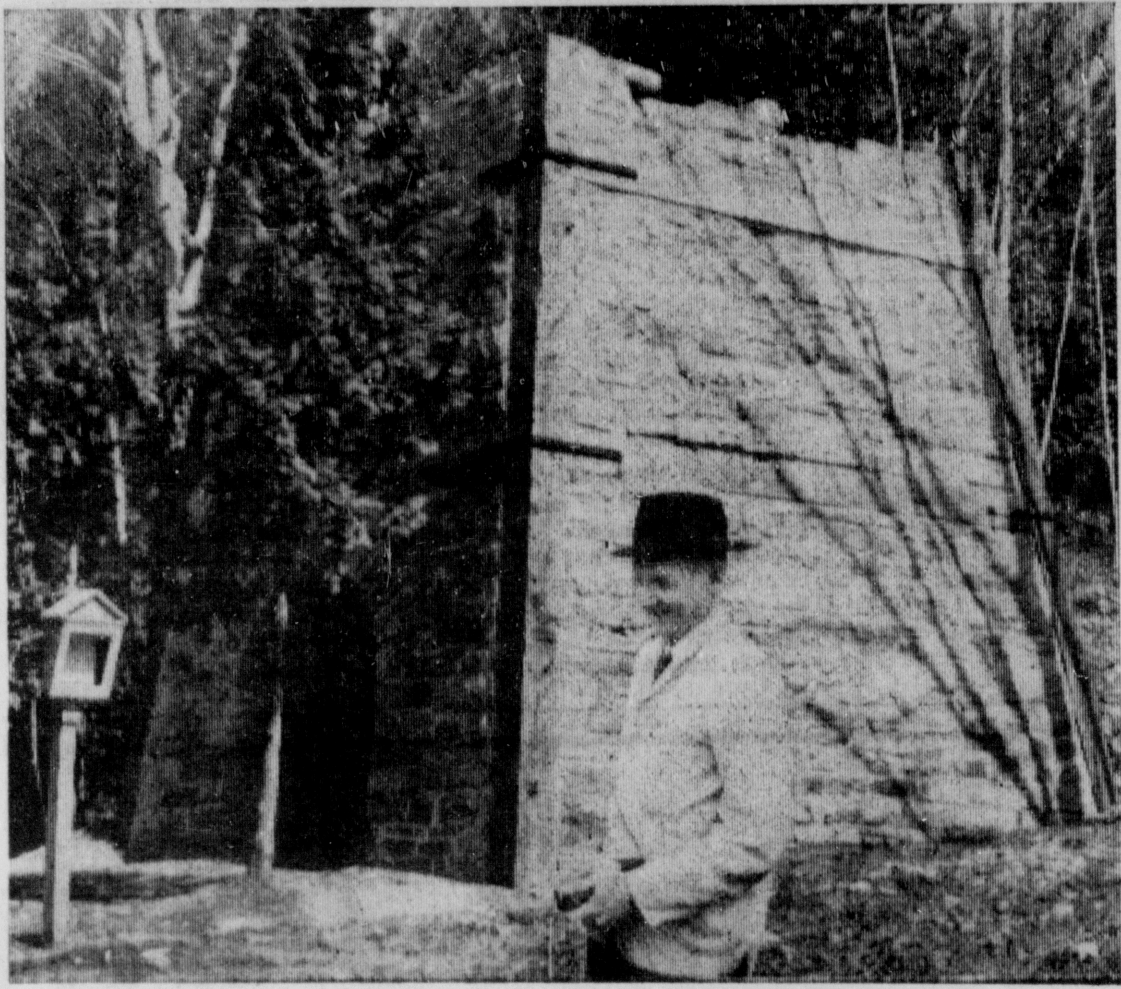

Losses due to employees helping themselves to unauthorized fringe benefits are rising at the rate of 15 per cent a year for a total take in the very big money bracket. Staff pilfering cost banks alone \$13.7 million last year — almost twice the \$7.2 million bank robbers made off with.

In the retail field, employees are also far ahead of their professional competition, stealing twice as much as shoplifters.

The Journal estimates the total annual loss at \$4 billion, dwarfing the cost of all crimes of violence and business losses caused by fire.

Man is a bottle-fed creature from cradle to grave: baby, milk, pop, gin, hot water, pill and back to the milk bottle.

Today, a man who hoards money isn't a miser; he's a magician.

AMONG THE MANY historic structures at Fayette are (top) the kiln where lime was burned to provide cement and plaster for the buildings that were constructed a century ago; and (below) the "doctor's house" that has been furnished with equipment of the period. Signs guide visitors and explain the history of the buildings.

## Fayette's Historic Charm Attracts 96,408 Visitors

By CLINT DUNATHAN

Total attendance at Fayette State Park so far this year is 96,408 — an increase of nearly 25 per cent over last year and a solid endorsement of the "ghost town's" lure for visitors.

"That increase in attendance is the greatest of any park in the state," said James Kent, Fayette Park manager.

There's no denying Fayette's historical attraction, but the park also offers a variety of recreational advantages that combine toward its popularity. Spectacular scenery, a snug deep-water boat harbor, picnic grounds, swimming beach and camping ground add up to a high score on the recreational chart.

### Making The Tour

The old Jackson Iron Co., furnace town, established at Snail Shell Harbor on the Garden Peninsula 101 years ago, has smelters, kilns and other structures that are considered the finest example of the early

charcoal iron industry in America.

Besides the industrial aspects of the "ghost town" there's the old opera house that now houses a museum, the machine shop, doctor's house and the "Elliott" cottage that serve as interpretive centers. Here may be seen the tools and furnishings used by the people of a pioneering period.

"By actual count and as of last Sunday we had 77,284 people who made the tour of the old town, and 74,843 who went through the buildings," Manager Kent reported.

The difference between those figures and the grand total of visitors for the season is the fact that some people prefer to enjoy Fayette without participating in the guided tours or visiting the interpretive centers. Others have been there before and don't repeat the tour.

### More Camping

While attendance at other state parks in the U.P. has gone up 10 and 11 per cent this year, Fayette's 25 per cent rise isn't keyed to history alone, Kent reported.

"Camping volume has also risen about 25 per cent. We're up to 80 camp sites now and no doubt this will have to be enlarged in the future. This winter the improvement program calls for installation of more toilets and other work in preparation for the 1969 camping season," he said.

One of the major projects now being completed at the park is the construction of the shop and administration buildings on the hill overlooking the old town. A water system to serve the new building is yet to be provided.

There had been announced plans for the construction of a new entrance roadway at Fayette Park but this has been delayed again, and when it may be accomplished is not certain.

### Lure Of History

Meanwhile, Fayette continues to lure those vacationers who seek a different kind of recreation spot — outstanding because of its historical atmosphere. Fayette was among what the Conservation Department calls "the biggest crowd-getters ever" — the interpretive program parks.

"Accounting for the past season's largest turnouts were interpretive buildings at Fayette, Bay City, Cambridge Junction, Fort Wilkins, Hartwick Pines and Indian Lake state parks which drew 498,300 visitors," the Department reports.

Aside from Fort Wilkins and

Fayette in the Upper Peninsula, most of the emphasis in other parks is on nature trail hikes, outings on guided tours, and displays and exhibits relating to the region's natural resources. But crowds at Fayette in Delta County and Fort Wilkins in the Copper Country attest the indestructible curiosity about the past that is called history.

## Letters

### PROPOSALS

The executive committee of the Escanaba Education Association is urging a Yes vote on Proposal No. 3, the clean water issue and Proposal No. 4, the quality recreation issue. We feel that pollution control is an urgent need and that any delay of solving this problem will only add to our costs in the near future.

Darrel Bengry  
President, E.E.A.

### TIME

I like the time as it is today as I may work around the house hunt, and fish after work for an extra hour of daylight. I wish to encourage everybody to vote No on Proposal No. 2.

Charles Beauchamp  
907 Main St.,  
Wells

## Questions And Answers

Q—How many American presidents were of Dutch ancestry?

A—Three — Martin Van Buren, Theodore Roosevelt and Franklin D. Roosevelt.

Q—Who inaugurated the Easter egg roll on the White House lawn?

A—Rutherford B. Hayes in 1878.

Q—What fish spawns on land?

A—The grunions which come up on the beaches of Southern California during the highest tides to lay their eggs in the sand. As the waves wash the eggs out of the sand, the fish burst out like popcorn.

Q—Which is the world's biggest salt mine?

A—The Morton Salt Company mine at Fairport, Ohio. It is not expected to be worked out before 200 years.

Pass Pass Pass	
<b>Opening lead—♦ 2</b>	

Here is another example of fortune favoring the brave in the Bridge Olympiad. The brave man was Charles Monk of Belgium who jumped to four hearts after his partner gave him a single raise. Fortune usually requires skill as well as bravery, before it bestows its favors.

Monk won the diamond lead with his ace and ruffed a diamond. Then he played a club from dummy. East ducked and West's king took South's jack. A spade was returned and won by dummy's ace. Monk decided that he could not afford to lead a trump yet and he played a second club. East won the trick with his ace and led the queen of hearts. Monk won with the king and was home free.

He ruffed another diamond in dummy, ruffed back to his hand with a spade, and led his last diamond. West discarded a club and Monk ruffed with dummy's last trump. He reentered his hand by ruffing another spade, played his ace of trumps and conceded a trick to West's jack.

Looks easy when you see how it was done. At the other table South bid three hearts only. This was just as well because he timed the hand badly and only made nine tricks.

He cashed the ace of hearts and then ruffed a diamond. The club play came next and after East ducked Eby Polak, who sat West, came up with a book play to hold South to nine tricks.

Polak led his jack of trumps. This play gave up a trump trick but Polak's generosity was far more apparent than real. He gave up a trump trick but left South with two diamonds to ruff and only the high 10 of trump to use for this purpose.

Of course, South could still ruff one diamond with dummy's 10 but that would give back Polak's trump trick.

### ♥ ♦ ♣ ♠ CARD Sense ♠ ♦ ♥ ♣

Q—The bidding has been:

West	North	East	South
Pass	1 ♠	Pass	1 ♠
Pass	3 ♠	Pass	2 ♠
Pass	4 ♠	Pass	?

You, South, hold:

♠ A K 7 6 ♥ K Q 9 4 ♦ A ♣ K Q 10 7

What do you do now?

A—Either bid five diamonds or pass. We slightly favor trying for the game.

### TODAY'S QUESTION

Instead of bidding four diamonds over your three hearts, your partner bids three spades. What do you do now?

Answer Tomorrow

## Signs Too Gaudy

INDIANAPOLIS, Ind. (AP) — Amish farmers in southern Indiana have won a temporary victory in their fight against a law requiring reflecting signs on their horse-drawn vehicles.

Acting State Police Supt. Arthur R. Raney said Tuesday the department has suspended enforcement of the law pending an investigation. "If we find the signs serve their purpose of preventing accidents, enforcement will be resumed," he said.

The plain living Amish say the signs are too gaudy.

## Ann Landers

## Not All Physicians Are Communicators

Dear Ann Landers: I'm past the giddy teen-age fantasy stage but still I need some answers. Can you help?

I've met a man of whom I am growing very fond. He treats me with consideration and tenderness. At times I'm sure he feels more than just friendship for me but I am not certain.

Every now and then when we are engaged in stimulating conversation, our eyes seem to lock. It feels as if a magical electric current is passing between us. Sometimes he can be across the room and when he glances at me I feel this same current, even though for only a moment.

My question: Is he feeling the current also or is it just me? — TURNED ON

Dear T.O.: I hope it's a complete circuit, Toots, but there's no way to tell for certain — until he gives you a signal. When those 100-watt glances begin to generate a little heat as well as light, he'll let you know it.

Dear Ann Landers: This is for the physician who said, "Psychiatrists are the balmy of the professionals." Some physicians are a little balmy, too, or perhaps more to the point, they are not sufficiently interested in their patients to give them a few minutes of reassuring conversation.

Two years ago I had a falling out with my gynecologist. He didn't believe in hormone treatments. He gave a few shots here and there but the dosages were so light they didn't do any good.

Following a complete hysterectomy I began to experience surgical menopause. I felt horrible and didn't know what was happening to me. My gynecologist said, "Maybe you'd better see a psychiatrist. This doesn't mean you're nuts or anything."

I switched to an internist who was kind enough to spend 15 minutes explaining that the removal of female organs can produce depression and disorientation. The internist also increased the hormone dosage and I felt like a new woman within three weeks.

So please, Ann, tell the physicians in your reading au-

dience that if they would spare a few minutes to talk to their patients, give them reassurance and explain how their physical condition affects them emotionally — in other words, if the physicians would do their job—the psychiatrists wouldn't be so overworked. — J OF RIVER-SIDE

Dear J: I hope physicians from Fairbanks to Mexico City read your letter and ask themselves, "Could this woman be talking about ME?"

Unfortunately not all physicians are communicators, and of course some physicians do not have the background or the training to evaluate the emotional needs of their patients. In my opinion it is in this area that the physicians need to be alerted, and I am trying in my limited way to alert them.

Alcohol is no shortcut to social success. If you think you have to drink to be accepted by your friends, get the facts. Read "Booze and You — For Teen-Agers Only," by Ann Landers. Send 35 cents in coin and a long self-addressed, stamped envelope with your request.

## GM Threatened With Walkouts

By The Associated Press

Only hours after settlement of a 13-day strike in Flint, General Motors Corp. almost had another walkout Wednesday at one of its plants in Detroit.

A strike by 5,500 employees of the Fleetwood Fisher Body plant in Detroit was averted Wednesday when United Auto Workers Local 15 extended a strike deadline to Monday morning.

Meanwhile, GM faced the threat of other strikes in Pontiac and Flint. Walkouts at the plants involved could idle nearly 35,000 workers and disrupt production of Pontiacs, Chevrolets and Cadillacs.

A strike at the Fleetwood plant in Detroit could finally force General Motors to layoff another 6,000 employees at its Cadillac Division. The union and company are negotiating 687 work-speed complaints — this same problem that shut down the Buick plant in Flint, idling 17,000 for 13 days and resulting in layoffs of 4,000 at the companion Fisher Body plant No. 1 in that city. That strike was resolved Tuesday night.

Now, GM is faced with more

work-speed complaints in Flint — this time at Fisher Body No. 2 and the plant it supplies, Chevrolet assembly. UAW Local 598 in Flint was to conduct a strike vote today, after three weeks of negotiating on some 100 production standard disputes at Fisher Body No. 2. A strike by the 2,400 workers there would halt production at the Chevrolet assembly plant which employs 3,400 hourly workers.

In Pontiac, workers at Pontiac Motors Division have a variety of complaints, including work-speed grievances.

In Detroit, both GM and Local 15 reported some progress Wednesday after continuous bargaining since Friday over the Fleetwood grievances. Neither side, however, would disclose how many of the 687 complaints had been resolved.

## Hospital

Mrs. Katherine Bright of 1509 Ludington St., is a patient at St. Joseph's Hospital in Milwaukee.

## Nahma

**Weekend Visitors**  
Mr. and Mrs. Ed Segerstrom and family of Fort Wayne, Ind., visited at the home of Mr. and Mrs. Francis Turek during the weekend.

**Card Party**  
The card party held Saturday night at the civic center for the benefit of St. Andrew's Catholic Church in Nahma was successful. Prizes were awarded to Mrs. Adrian Hebert, Mrs. William Sass, Mrs. Homer Beauchamp, Mrs. Olin Weber and Rudolph Groleau. Lunch was served during the evening.

Mr. and Mrs. James Krutina left Saturday to spend a vacation with their children in Milwaukee.

Visiting Wednesday at the home of Mr. and Mrs. Ed Tobin were Mr. and Mrs. Clyde Tobin and daughter of Lansing and Mrs. Clyde Tobin Sr., of Garden.

Mr. and Mrs. Dan Roddy and family of Manistique visited Sunday at the home of her parents, Mr. and Mrs. William Rogers.

Mr. and Mrs. Fred Popour and Mr. and Mrs. George Johnson spent the weekend in Milwaukee visiting at the homes of Sgt. and Mrs. Duane Popour and family and Mrs. Lavina Forcher.

BACK AT WORK after a recent illness which put her in the hospital, Elizabeth Taylor seems happy in her new film, a film about Las Vegas.

## Bark River

**Cub Scouts**

The Bark River Cub Scout Pack 445 met Monday evening in the Bark River-Harris Elementary School.

The month's theme is, "Ghosts and Goblins," and Howard Erickson led the parent participation skit, "Ghost Story." Cubmaster Harold Bergquist presented awards to Randy Cappaert, Allan Larson, Lyle Olson, David Erickson, Randy Larson, Tim Wolf and Stephen Wendrick.

Den II Scouts under the direction of Den Mother Mrs. Harold Bergquist participated in a skit, "Spooks from Fireland." Taking part were Harold Bergquist, Jr., Randy and Brian Cappaert, Douglas Good, Robert Hall, Allan Larson and Lyle Olson.

Mrs. Victor Wolf's Den III presented, "Talking Pumpkins," with Tom LeBeau, Douglas Motto, Paul Wolf, Steven Adydan, Ted Wolf and Bruce LaBelle taking part. Halloween games were played and lunch was served by the Den Mothers.

Mr. and Mrs. B. R. Erickson returned Friday from Huron, S. D., where they had been hunting pheasants. Others in the party were Mr. and Mrs.

Frank Kardo, Mass. Mich.; Mr. and Mrs. George Stevens, Lake Linden, and Mr. and Mrs. Gust Soderberg of Masonville.

Mr. and Mrs. Donald L. Braun and daughter, Janis of Milwaukee were weekend guests of Mrs. Braun's parents, Mr. and Mrs. I. R. Nelson. Enroute home they visited briefly with Mrs. Willard French and Mr. and Mrs. Arthur Holmes in Iron Mountain.

Mr. and Mrs. Ben Douglas returned Sunday from a motor trip to California, where they visited with Mr. and Mrs. John Brochschlager at Laguna Beach. They were accompanied by Mr. and Mrs. Ray Gordon of Kansas City, Mo. Mrs. Gordon is the former Ethel Douglas and Mrs. Brochschlager is the former Irene Douglas. En route the four visited Disneyland, Las Vegas, Palm Springs and other places of interest.

Contrary to popular belief, the Declaration of Independence, adopted on July 4, 1776, was not signed that day. The original document was prepared and signed by John Hancock as President of the Congress on Aug. 2, 1776. Many signatures were added weeks later.

## TIMBER SALE

DEPARTMENT OF CONSERVATION  
STATE OF MICHIGAN

Notice is hereby given that sealed bids will be received by the Area Forester, Bay de Noc State Forest, for certain timber on the following described lands:

Block I — T37N, R24W, Section 18, SE 1/4 of NW 1/4, SW 1/4 of NE 1/4, and NE 1/4 of SW 1/4, Delta County.

Block II — T43N, R23W, Section 19, N 1/2 of NW 1/4 and SW 1/4 of NW 1/4, Delta County.

Block III — T43N, R22W, Section 1, SE 1/4 of NW 1/4 and NW 1/4 of NE 1/4, Delta County.

Swamp conifers are the principal species offered for sale on Block I, aspen and balsam-fir on Block II, and aspen and balsam-fir on Block III.

The right to reject any and all bids is reserved.

Bids must be received by Michael R. Zuidema, Area Forester, Michigan Department of Conservation, Bay de Noc State Forest, Escanaba, Michigan, not later than 10:00 a. m. on Wednesday, November 6, 1968.

For further information concerning this sale, contact Michael R. Zuidema, Area Forester.

## WHY so SILENT?

Why is NICK CHAPEKIS' opponent so silent about his qualifications for the office of Prosecuting Attorney?

If he believes he is better qualified than NICK CHAPEKIS the public should hear what experience he has to qualify him for the office he seeks ! ! !

Is it possible that because he has so LITTLE TO OFFER from the standpoint of experience his energies are being spent on UNFOUNDED CRITICISMS?

REMEMBER . . . NICK CHAPEKIS HAS 16 YEARS OF EXPERIENCE in criminal law . . . and in thousands of criminal prosecutions has achieved OVER 97% RATE OF CONVICTIONS AS SUBSTANTIATED BY PUBLIC RECORDS ! ! !

## To Our Fellow Citizens Of Delta & Schoolcraft Counties

In 1967, the Michigan Legislature, by Public Act No. 6, and with the welfare of the people of Michigan in mind, put all of Michigan on Eastern Standard Time. A very small minority of the people have petitioned to put this Act of the Legislature on the ballot for November 5, 1968.

As locally elected representatives of the People, we endorse the action of our elected officials in Lansing, who after careful consideration, saw the practical advantage of putting the entire State on one time. They made Eastern Standard Time the official Michigan Time, not because of tradition, but because their studies indicated that this was the logical time for the entire State. It is the opinion of the undersigned that the vast majority of the citizens of our State agree with the State Legislature and our local officials.

Unfortunately, the issue has become confused, and for this reason, a large number of people do not know how to express their feelings on the time issue as it will be presented on the November 5th ballot.

We urge a "NO" vote on proposal No. 2 because this will unify the State and because it is our opinion that this is the practical time for our area. This observation is strengthened by the fact that for over 20 years, we have operated without confusion or complaint on Eastern Standard Time.

A "NO" vote on Proposal No. 2 will help insure that the official time of the State will be Eastern Standard Time, the time on which we have operated for over 20 years, and the time that the Michigan Legislature has designated as official State time.

## Proposal No. 2

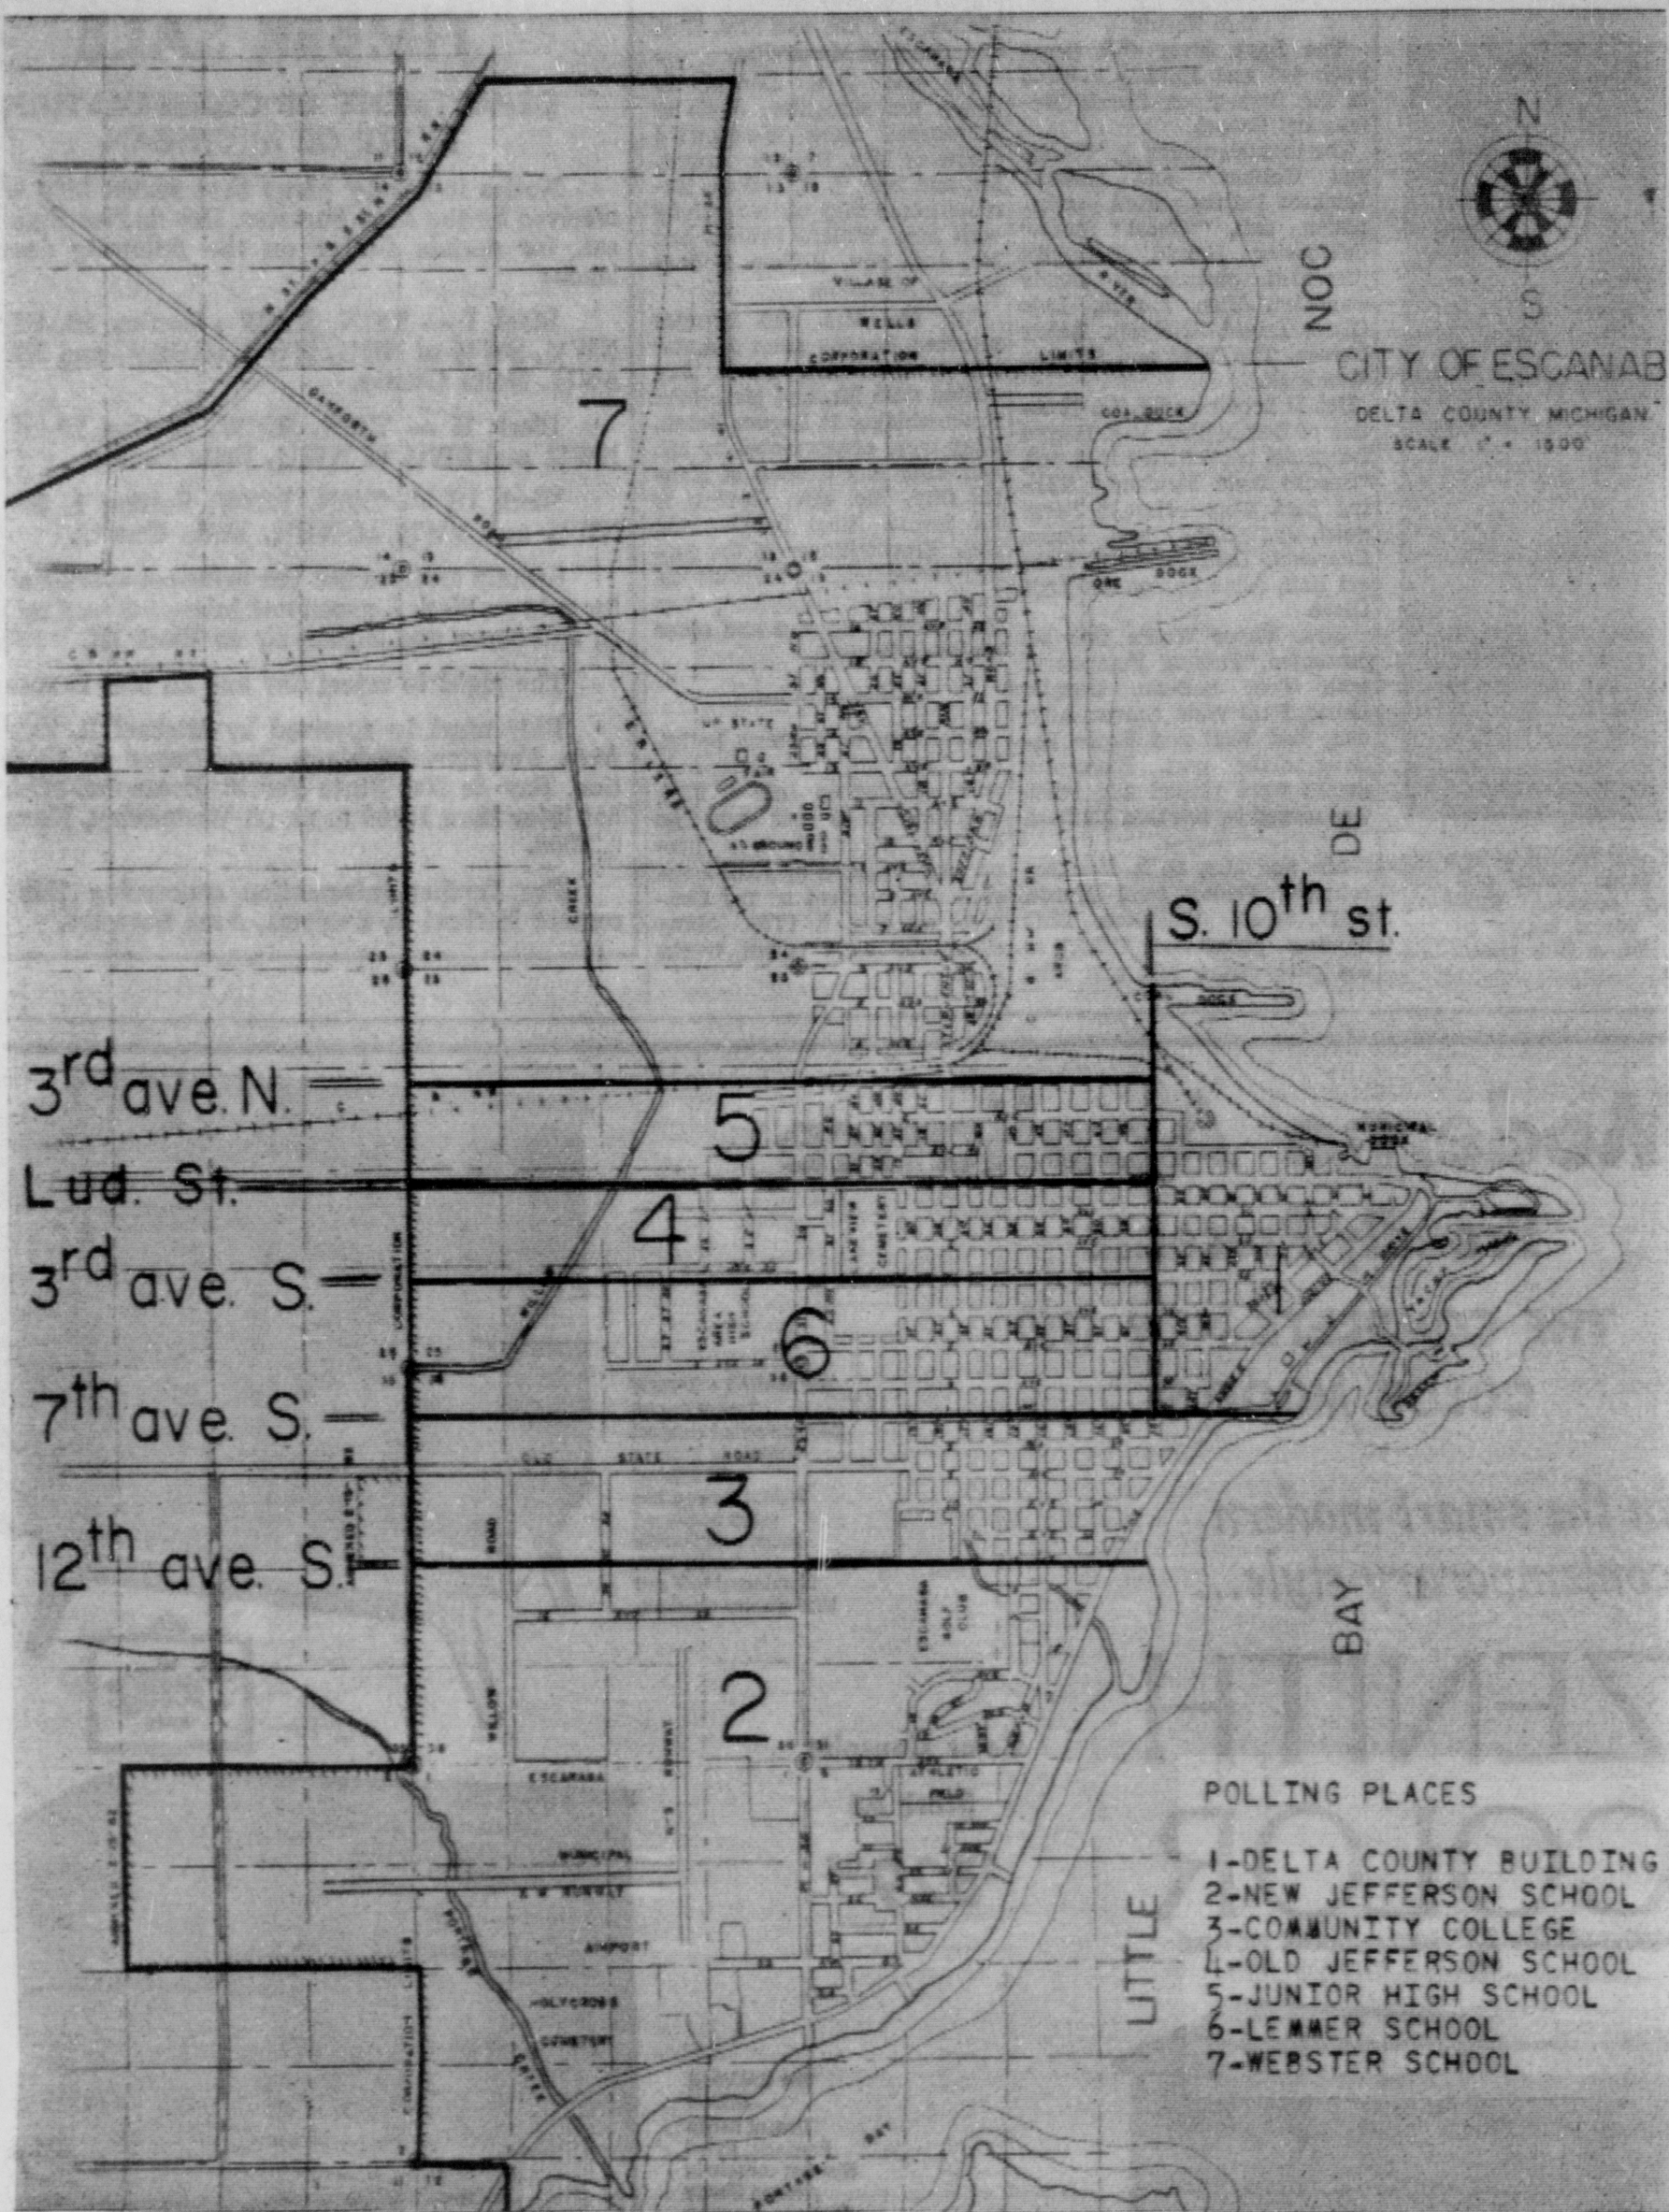

REFERENDUM ON ACT 6 OF  
THE PUBLIC ACTS OF 1967  
(DAYLIGHT SAVINGS TIME)

Public Act 6 provides that Michigan shall be exempted from observing Daylight Savings Time. The purpose of this referendum is to approve or reject this act.

SHALL THE STATE OF MICHIGAN OBSERVE  
DAYLIGHT SAVINGS TIME?

YES ☐  
NO ☒

THERE HAVE BEEN SOME changes in the polling places in Escanaba's seven voting precincts, reports City Clerk Don Guindon. The precinct boundaries are shown on the above map, and the polling places for Nov. 5 election are: Precinct 1 — Delta County Building, Ludington St. entrance; Precinct 2 — New Jefferson School, 1905 S. 21st St.; Precinct 3 — Bay de Noc

Community College, West Hall; Precinct 4 — Old Jefferson School, 2nd Ave. S. and 15th St.; Precinct 5 — Junior High School, room adjoining entrance, off N. 16th St.; Precinct 6 — John A. Lemmer School, 7th Ave. S. 20th St., entrance at northeast corner of building; Precinct 7 — Webster School gymnasium, entrance on 12th Ave. N.

## Record Voter Turnout Expected

There are 17,045 registered voters in Delta County and because of the various proposals and partisan interest in a presidential election year a record turnout of voters is expected on Nov. 5.

Election officials are making every effort to fully inform the voters of the mechanics of the election, said County Clerk William Butler.

One of the problems is the election of Bay de Noc Community College trustees, where candidates' names must be written in. The names are not

on the ballot because the date for filing was advanced and petitions were not filed before the deadline.

On paper ballots the trustee candidate names may be written in proper spaces; on the voting machines the spaces are 27 and 28 for the six-year term and space 29 for the unexpired term. Pasting or writing the name is sufficient. It is not necessary to place an X before the name.

### Voting Machines

Voting machines are used in the City of Escanaba and in Wells Township. All other precincts in the county use paper ballots.

The polls will be open throughout the county from 7 a.m. to 8 p.m.

Escanaba City Clerk Don Guindon reports that polling places in the city have been changed in some instances: The new Jefferson School in the Second Precinct, and the old Jefferson School in the Fourth Precinct, for example. A complete list of the polling places and the precinct boundaries

appears with the map at the top of this page.

For the information of the voters, sample ballots may be obtained at the office of the city clerk in the City Hall; and voting machines for demonstration purposes are set up at the Republican party headquarters, in the 800 block Ludington St. across from the Delft Theater; and in Democratic headquarters in the 600 block Ludington St. next to the Daily Press building.

### Absent Voters

Sample ballots may be obtained from the city clerk at the City Hall as late as 2 p.m. Saturday. The office will open at 8 a.m. on Saturday.

Escanaba has a total of 7,968 registered voters — a gain of about 700 registrations in advance of the Nov. 5 election, Guindon reported.

There are 1275 in the first precinct, 863 in the second, 1065 in the third, 1088 in the fourth, 791 in the fifth, 1405 in the sixth and 1481 in the seventh.

Absent voters ballot applica-

tions may be made to 2 p.m. Saturday, Nov. 5. Registered voters may make application if they are over 70 years old, or physically unable to attend the polls, or are out of the city on election day.

Besides the national, congressional, legislative, state and county partisan contests, there are other ballots to be voted Nov. 5.

### School Millage

On a non-partisan ballot, justice of the supreme court, and judges of the court of appeals and Delta district court will be elected.

Five questions on proposals to amend the state constitution are on another ballot — including the controversial "time question."

On the county ballot are listed the candidates for the new county board of supervisors, a five-man board to replace the present 27 member board.

The Community College trustee ballot is a separate one; and so also is the Escanaba Area Schools (Escanaba city and the townships of Wells,

Ford River and Cornell) to levy 4.9 mills for one year to finance additional operating costs.

Escanaba city election inspectors will meet at 2 p.m. Monday in the County Building for an instruction session, City Clerk Guindon announced.

## Scott Award Is Given To Tech

HOUGHTON — A \$2,000 annual award for leadership has been established at Michigan Tech by Scott Paper Co., Philadelphia. The program will amount to \$10,000 during its current cycle and can be renewed by the company. The award presents \$1,000 annually for two years to junior students in chemical, electrical or mechanical engineering who have best demonstrated qualities similar to those required of Rhodes scholars. The first award will be made in the 1969-70 year. Another unrestricted \$1,000 is presented to the institution at which the recipient is a student. MTU is one of 27 universities included in the Scott Leadership Award Program.

Present from Scott for the presentation were D. J. Dughie, general manager of Scott Wisconsin mills; R. E. Rodgers, general superintendent of the Oconto Falls, Wis., plant, and A. C. Sweeney, personnel manager, Oconto Falls.

## Retired Teachers To Meet Nov. 5

Delta Chapter of the Michigan Retired Teachers Association will hold their November meeting at Jack's Restaurant in Rapid River Tuesday, Nov. 5, at 12:30 noon (EST).

Mrs. Jane Empson of Gladstone will show slides taken while she traveled in Spain and Portugal.

Reservations may be made through Saturday, Nov. 2, by calling Eva Flenstrom, 786-2312 Escanaba, or Mrs. Anna Bredahl, GA 5-6531 in Gladstone.

## Offer Reward For Saboteurs

Michigan Wisconsin Pipe Line Co. today offered a \$5,000 reward for information resulting in the arrest and conviction of anyone responsible for turning off the pipeline gas supply to the City of Grand Haven.

The pipeline company also asked the Federal Bureau of Investigation and the U.S. district attorney to investigate the gas shutoff for possible violation of interstate commerce laws. Michigan Wisconsin transports gas to Michigan through pipelines from Texas, Oklahoma and Louisiana.

Gas service was cut off to Grand Haven early Tuesday morning by one or more persons who climbed a fence, cut through chains and shut off a series of valves which control gas deliveries to a 20-mile pipeline that supplies the city and surrounding communities.

The natural gas is delivered by Michigan Wisconsin to Michigan Gas Utilities Co., which distributes the gas in the Grand Haven area.

Michigan Wisconsin said it knew of no reason why anyone should sabotage its facilities. Neither the pipeline nor Michigan Gas Utilities is involved in any labor dispute or strike.

Michigan Wisconsin is a sister company and chief gas supplier of Michigan Consolidated Gas Co. Michigan Consolidated has 450 employees in western and northern Michigan who have been on strike since June 16. Michigan Consolidated does not, however, serve any of the areas cut off by the pipeline sabotage.

## Young Technician 'Responsible' For Showing Stag Film

PALM SPRINGS, Calif. (AP) — The man who gave this desert resort area a nude show via home television says he was confident at the time that he was the only viewer of the racy film.

Robert Allen Veatch, 25, of San Bernardino, was arrested Wednesday by police who quoted him as saying the showing was accidental and that he was "solely responsible."

The stag film was carried throughout the Coachella Valley early Sunday morning by cable television. Viewers tuned in after regular telecasting and saw nude men and women cavorting across their screens.

Station KPLM-TV's program director, Mike Rollins, told Police Chief Robert B. White that, to the best of his knowledge, Veatch, a control technician at the station, was looking at the film alone in the studio after hours.

Veatch believed, said Rollins, that he had cut off all cable transmission and had switched the film to a single TV set.

Instead, it was seen in the communities of Palm Springs, Palm Desert, Rancho Mirage and Indian Wells.

White said Veatch soon realized what had happened and quickly destroyed the videotape. The tape, White said, was Veatch's personal property. He said Veatch has been a part of the staff about two months.

Veatch was booked on suspicion of broadcasting obscene matter.

The police chief said final disposition of the case awaits a study to determine whether it falls under local or federal jurisdiction.

## License Plates Will Cost More

LANSING (AP) — Secretary of State James Hare reminded motorists today that car license plates will go on sale Nov. 15 this year, instead of Friday.

Hare said, meanwhile, that prepared license plate applications are being sent out to passenger car owners. The applications should be received by Nov. 15, Hare said.

"I'm afraid that the real shocker to many persons is that they will be paying more for plates this year," Hare said.

"The raise in weight tax fees is from 35 cents to 55 cents per 100 pounds of the weight of the car." The increase was part of a package of bills enacted by the Legislature that also included a gas tax increase.

## Legal Services

Upper Peninsula Legal Services, Inc., appointment schedule for Delta, Menominee and Schoolcraft counties in November:

Appointments at the Escanaba Office, 703 Ludington St., can be made by calling 786-2303.

Other communities will be served as follows:

Manistique: Nov. 7, 14 and 21; Oak St.; 11 to 1; Menominee: Nov. 6, 13, 20 and 27; 832 Tenth Ave., 1:30 to 5; Spalding: Nov. 6, 13, 20 and 27; Township Hall; 9:45 to 11:30; Germfask: Nov. 21; Old Post Office Bldg., 2 to 3; Rock: Nov. 19; Town Hall; 3 to 4.

## Michigan Given Highway Funds

WASHINGTON (AP) — Michigan has been allocated \$161,461,000 in new federal aid highway funds for the year starting next July 1.

The Department of Transportation said the Michigan allotment is part of \$5.52 billion apportioned to the 50 states. The allocations, authorized by Congress last summer, total about \$775 million more than was made available for the current year.

The bulk of the new funds is earmarked for expansion of the interstate highway system, for which the federal government pays 90 per cent of the cost.

More than 26,000 miles of the projected 41,000-mile interstate system is now open for traffic.

## Dickinson Clerk Dies At Rally

IRON MOUNTAIN (AP) — Samuel M. Abraham, 53, of Iron Mountain, Republican candidate for Dickinson County clerk, collapsed and died at a fund-raising dinner in Iron Mountain Wednesday night at which Gov. George Romney was the main speaker.

Abraham apparently suffered a heart attack.

An insurance agent, Abraham collapsed shortly after giving a brief campaign speech at the GOP fund-raising dinner.

He was running against the incumbent, Democrat Frank Sleik.

VOTERS WILL HAVE to write in the names of Bay de Noc Community College trustees in the election to be held Nov. 5 in Delta County. Escanaba City Clerk Don Guindon (left) points to sections 27, 28 and 29 on the voting machine where the names must be written or the slips pasted. Delta County Clerk William Butler (right) reports there are 17,045 registered voters in the county. Voting machines are used only in Escanaba city and Wells Township. (Daily Press Photo)

Mary Jo DeKeyser

Kathy Madden

Gladstone Girls Win 4-H Honors

Two Gladstone girls will spend the first week in December in Chicago on an all-expense paid trip to the 47th National 4-H Congress in the Conrad Hilton Hotel.

The girls were adjudged best-in-state for their 4-H projects: Mary Jo DeKeyser, 17, in conservation and Kathy Madden, 16, in photography.

They will join 1,650 delegates at the congress, all state, sectional or national winners in 4-H programs supervised by the Cooperative Extension Service.

Miss DeKeyser, daughter of Mr. and Mrs. Donald DeKeyser, has dabbled in every conservation project imaginable including the study of wildflowers, birds, trees, rocks and minerals.

In addition, she helped to beautify Van Cleave Park by starting a botanical garden in the spring of 1967. She also participated in a gun and archery safety program as a year-around conservation program this past year.

Miss DeKeyser's trip will be sponsored by John Deere.

Miss Madden, daughter of Mr. and Mrs. Robert Madden, plans a career in physical education or speech therapy.

Her favorite photography subject is unusual water scenes. Her shots cover small, still ponds with lily pads to rushing water falls in torrent brooks. Other favorite subjects of hers are animals both in and out of water.

Rock

PTA Meeting

The Rock PTA met Monday evening at the school beginning with parent-teacher conferences. A short business meeting followed with discussion on adult education.

More persons are needed to start classes in knitting, beginners sewing, typing and art and more entries are needed in welding. Mrs. Lepisto's room won the room attendance award. Lunch was served in the home ec. room. A social hour followed.

Trick or treating will be held Thursday, Oct. 31, from 6 to 8 p.m.

Baptism

Brand Michael Nummelin, Jr., infant son of Mr. and Mrs. Brand Nummelin, was baptized at St. Joseph Church in Perkins Oct. 20. Fr. Conrad Suda officiated. Godparents are Mr. and Mrs. Ronald Beauchamp. The infant is the first great grandchild of Eva and Emil DeBaker.

A baby shower was given in honor of the infant last Sunday in the new home of his parents. The Nummelin trailer

was destroyed by a tornado on Aug. 23. A prebuilt home was constructed on the site of the trailer. Brand Jr. was born Oct. 12.

Martin Kaminen is recuperating at home after being dismissed from St. Francis Hospital Sunday. He suffered broken ribs several weeks ago.

Sharon Lippens has been dismissed from St. Francis Hospital.

Some 4,200 youth hostels in 41 countries, from Poland to Pakistan, are operated by the International Youth Hostel Federation.

Miss Nell Olds Dies Suddenly

Miss Nell Olds, 66, of Eau Claire, Wis., died unexpectedly Tuesday in Eau Claire. She was the sister of Walter Olds of Gladstone and had visited here frequently.

Funeral services will be conducted Friday in Eau Claire.

'69 Chevelle SS 396 Sport Coupe

If the '69 Chevelle can't do it, don't try it.

There are mid-size cars that overwhelm you with words, then underwhelm you in performance. Not Chevelle.

It handles precisely. Grips the road forcefully. Moves with authority.

In Chevelle's SS 396 form, you seem to move from here ..... to there, like that. One '69 reason is the newly available chambered pipe dual exhaust system. This

low restriction system helps develop more usable power and eliminates regular type mufflers.

Couple that with other standard SS items like the exclusive Turbo-Jet 396 V8, fat F70 x 14 tires on new sport wheels with wider 7-inch rims, and power disc brakes.

Now you have the concentrated Chevrolet that some of our engineers say is the nearly perfect machine.

If you're in the mood for SS'ing

there's more good news: The Chevelle SS 396 package is available on four models in 1969—convertible, two sport coupes, and a pillared coupe.

See your Chevrolet dealer. Try a Chevelle. Tackle a hill or take on some curves.

You'll be an instant believer.

Putting you first, keeps us first.

# Road Workers Get 20 Cents Wage Increase

Delta County Road Commission has signed a wage contract with Local 328 of the Teamsters Union for one year granting 20 cent an hour wage increase.

The Teamsters had asked 50 cents an hour increase. The commission had sought a longer contract. The increase raises the hourly rate to \$2.79.

The increase goes to 48 workers, mostly heavy truck drivers, of the field force, out of a total employment of 72, the others are foremen, clerks, etc. Under pressures of increasing wages

the road department's employment has been shrunk from 94 field workers in 1948 to 48 at present and production has been maintained by increased use of machinery.

William Karas, Delta County highway engineer, said that the budget still keeps a figure of 52 per cent of highway spending here for labor. "There are three main elements of road spending," said Karas, "labor, materials and machinery. If any one of them gets out of line the other two suffer."

The road commission does not have taxing powers, receives its income from a \$40,000 annual appropriation from the Delta County Board of Supervisors, from townships seeking road work, and mostly from the state's gasoline and weight tax aids.

The construction program is financed with what's left after winter maintenance and snow plowing, which can vary greatly. This year's construction program still is underway, after an early summer disruption by excessive wet weather.

The old labor contract ended July 1.

## Rahoi Seeking To Have Pilot Record Cleared

Leo Rahoi of 1017 S. 17th St., Escanaba, today in a hearing before H. G. Moorehead of the National Transportation Safety Board, Washington, D. C., sought to have his private pilot license record cleared of a suspension ordered by the Safety Board.

The 15-day suspension was imposed March 2, 1968, for flying below 1,000 feet over the congested area of the city.

"Mr. Rahoi feels strongly that he was not guilty," said Moorehead, who is examiner of administrative laws for the Safety Board. The hearing, held today in the City Hall, is on Rahoi's appeal from the order suspending his license for 15 days.

Witnesses heard this morning were Mr. and Mrs. Jon Thorin of Escanaba. Thorin is manager of the Escanaba Municipal Airport.

Moorehead said that he will want to study a transcript of the testimony before he makes his report to the Safety Board. The hearing was to continue this afternoon. The determination by the Safety Board on Rahoi's appeal may not be announced for several weeks, Moorehead added.

## Law Officers Attend Training Sessions Here

An in-service training school for law enforcement officers of the area was held at the State Office Building in Escanaba today, sponsored by the Escanaba Police Department in co-operation with the FBI.

The instructors are FBI Agent James M. Sturgis Jr. and Special Agent Raymond Ralston.

Escanaba Police Chief Richard Frederick said that all police and conservation agencies in the area were invited to have their officers attend the all-day training session.

Subjects covered in the school are Supreme Court decisions, the psychology of rumors, police-community relations, and probable cause.

## In Service

Carl A. Lawson, married to the former Patricia Corbisier, of Escanaba, was recently promoted to chief petty officer in the Coast Guard. The Lawsons and their three children are now residing in Wausau, Wis., where Lawson is on recruiting duty.

## Teamwork Nets Vote Returns

By The Associated Press

What happens to your vote? You vote next Tuesday for a new president, a new congressman. You'll also be asked whether you want Daylight Savings Time and cast a ballot for a member of the Michigan House of Representatives. These are just a few of the races you'll be asked to make a decision on. You'll know how you voted, but how will everyone else vote? Here's how your daily newspaper will get the election returns.

Election returns on Michigan-only races — Daylight Time, the Legislature, Supreme Court, State Board of Education, to name a few — will be tabulated by a pool formed by the Associated Press and United Press International.

This pool has hired reporters who will be at the county seat of each of Michigan's 83 counties. As the returns are counted at the local level, these reporters will phone them into a computer center in Detroit.

The center will be located at the Detroit offices of the Hygrade Food Products Corp., which has made its IBM computer available to AP and UPI as a public service.

"Since this will be the only tabulating center for state races for Michigan, Hygrade is happy to participate in this project for Michigan citizens," said Charles Bellamy, Hygrade vice president.

The results from the computer will be sent on a special teletype line to the Detroit bureaus of AP and UPI, who will then relay them to their member broadcast stations and newspapers.

A similar but much larger pool will be handling the national returns (in Michigan they'll count the presidential vote and that for U.S. House of Representatives).

Members of the Michigan Jaycees will call directly from the precinct where you voted to a regional collection center in Cincinnati.

The returns from Michigan, Ohio and Kentucky will be fed into a computer in Cincinnati which will "talk" directly on a telephone to a computer in New York. The New York computer, at the general offices of The Associated Press, will tally the presidential vote for the entire nation and send it directly on high speed teletype lines to News Election Service members in each state.

## Holy Name Play Opens Saturday

Rehearsals for the classic Greek comedy, "The Birds," by Aristophanes, are now in final stages at Holy Name High School.

The two-act play will be presented in the school's multipurpose room on Saturday, Sunday and Monday.

"The Birds," historically recognized as a "gay fantasy," is under the co-directorship of Brother Christopher Kavanaugh, FSC, and Sister Mary Henricienne, SSND.

The play was chosen to broaden the scope of the participants' dramatic experiences, as students will have an opportunity to experiment with choral reading. The play features a large chorus of "birds" and, consequently, the costume committee is busy constructing beaks and wings.

## Peace Talks Trigger Market

NEW YORK (AP)—The stock market most of a sharp early gain in heavy trading today.

First-hour volume was close to six million shares, but was short of a recent record.

The Dow Jones industrial average kept a gain of nearly 6 points, but a 2-to-1 margin in favor of gains over losses on the New York Stock Exchange was pared.

Various reports of a possible breakthrough toward peace in Vietnam triggered heavy buying.

Imperial Corp. rose 1/4 to 15 1/4 on a block of 60,000 shares.

Republic Steel and Montgomery Ward were among 1-point gainers.

## U.S. Says Halt Acceptable To Armed Forces

(Continued From Page One)

Force, Navy and Marine pilots flew 126 missions over the North Wednesday, boosting the total for October to 3,615, the highest number for one month since July when 3,833 missions were flown. Pilots reported destroying or damaging 47 supply boats, more than 11 trucks, five bridges, five coastal defense and anti-aircraft gun positions and several supply structures. Roads were reported cut in numerous places.

Over South Vietnam, Air Force B52 bombers dropped 1,800 tons of bombs on troop concentrations, base camps and storage areas east, west, and northwest of Saigon and in the Central Highlands.

In the ground war, North Vietnamese guns above the demilitarized zone shelled the headquarters of the U.S. 3rd Marine Division at Dong Ha and the U.S. Navy base at the mouth of the Cuai Viet River. Three Americans were killed and 10 wounded at Dong Ha.

The U.S. Command announced that U.S. combat casualties in the war last week rose slightly, to 109 killed and 717 wounded, compared with the 14-month low of 100 dead and 589 wounded the week before. The command's weekly casualty report said 1,289 enemy were killed, compared with 1,440 a week earlier, but the figure for last week will probably increase as more reports come in.

The Saigon government said 103 of its troops were killed last week, 578 were wounded and two were missing. This was a decrease from 132 killed and 624 wounded the previous week.

Lead roles will be taken by Paul Guenette and Dan Snow. Other important characters will be portrayed by Mark Williams, Tom Bast, Paulette Prey, Bob St. Martin, Steve Kleiman, Loretta Bonifas, Jim Rinehart, Tim Durkin, Sue LeMire, Rick Kobasic, Venetia Bryers, Jim Juetten and Katie Priniski.

Curtain time is 8 p. m., and tickets may be purchased from any Drama Club member or at the door.

## Ore Cars Spill At Marquette

MARQUETTE — Twenty - six loaded cars, two diesel locomotives and a caboose were piled into a mass of twisted wreckage late Tuesday afternoon, when a Lake Superior & Ishpeming Railroad Co. ore train derailed in the L&SI west yards near the north-west city limit.

Thirteen of the cars loaded with iron ore pellets and the caboose were badly damaged, some a total wreck. Both diesel locomotives were damaged, but there were no injuries. About 150 tons of iron ore pellets were dumped along the derailment area.

The accident is believed to have been caused by a broken rail or a defective switch.

## Detroit Track

DETROIT (AP) — The directors of the Detroit Race Course will recommend to its stockholders sale of assets of more than \$7 million at a meeting Nov. 14.

The track was put up for sale Friday and a group headed by Detroit sportsman Fred Van Lennep has offered to buy the track.

The DRC season ends Saturday. Sale of the track, which opened in 1950, still must be approved by the Michigan Racing Commission.

# Ford Hires 5,000th 'Hard-Core' Worker

DETROIT (AP) — Job-hunting, to Fred M. Wilson Jr., "is like a big cloud—you know the sun is going to shine sometime."

For 11 years Wilson has been looking for that sunshine.

The 28-year-old Negro has worked as a garbage man, ship loader, laborer, car washer and in dozens of other low-pay jobs from Detroit to Saginaw to Greenville, Miss.

None lasted longer than two months, he said.

Today, Wilson enters the Ford Motor Co. Rouge Plant near Detroit to work on the assembly line.

He has just become the 5,000th member of the group known as the "hard-core unemployed" to be hired by Ford in an inner city program which has spread throughout the United States.

Saying he was "a little nervous," Wilson, chewing gum and wearing blue jeans and a short sleeved yellow shirt, joined several others in a reception Wednesday. Some 200 inner city residents and anti-poverty workers also attended the coffee-and-cake celebration of the first birthday of Ford's hiring effort.

Wilson was told his starting pay would be \$3.48 an hour.

"Hey, that's all right," he

said. The young father of two said the most he had made since dropping out of high school in Saginaw 11 years ago was about \$40 a week.

Wilson, living temporarily in a single room in a run-down area, said he is anxious to bring his wife, Rosemary, 20, and sons, aged 2 and 3, from his parents' home in Saginaw "as soon as I get the first couple of checks."

Henry Ford II, board chairman, began the project in October 1967, three months after the nation's worst riot in modern history struck Detroit.

The effort led President Johnson to establish the National Alliance of Businessmen last January. Ford headed the group. With industrial giants such as General Motors, Chrysler and

Ford at the fore, the alliance set a national target of hiring 100,000 hard-core unemployed by July 1, 1969.

Leo C. Beebe, executive vice chairman of the alliance, says 1,000 businesses have signed contracts to hire the hard-core unemployed, the quota has been upped to 165,000 and 61,525 persons, mostly Negroes, have been put on payrolls.

Officials say that 70 per cent or more of those hired are still working at the same firm.

## C. F. Bourgois Taken By Death

Clifford F. Bourgois, 64, of Rte. 3, Rapid River, (Isabella) died at 1:30 p.m. Wednesday at the V.A. Hospital in Iron Mountain. He had been seriously ill for three weeks.

He was born Sept. 24, 1904 in Nahma and had lived most of his life in Isabella. Mr. Bourgois served eight years with the U.S. Army and was a member of St. Anne's Church of Isabella and the Rapid River American Legion. He was employed as a heavy equipment operator.

He is survived by two sisters, Mrs. Vernon (Isabelle) Peterson of Isabella and Miss Marie Bourgois of Pasadena, Calif.; two brothers, Joseph of Pasadena and Edward of Pinellas Park, Fla.

Friends may call at the Alto Funeral Home from 3 to 9:30 p.m. Friday and parish prayers will be recited at 8 p.m.

Funeral services will be conducted at 11:30 a.m. Saturday at St. Anne's Church in Isabella with the Rev. Ronald Hartman officiating. Burial will be in Moss Lake Cemetery. Military rites will be conducted by the Rapid River American Legion Post.

## Texas Archbishop Drops 4 Priests

SAN ANTONIO, Tex. (AP) — After six days' silence, Archbishop Robert E. Lucey dismissed four of 51 dissenting priests Wednesday in a step that some said was only the beginning.

After his move, 46 of the 51 went to Lucey's home and demanded a meeting with him. They were turned away.

Thirteen more Roman Catholic priests joined in seeking the 77-year-old archbishop's resignation. More than 100 seminary students announced support of the priests and held a candlelight rally Wednesday night at the doors of a church where the archbishop was conducting a service. He ignored the students.

"It wasn't even a 24-hour notice—it was a zero notice," said the Rev. Roy Rihn, in dismissing the archbishop's dismissal of himself and three others from positions at Assumption Major Seminary here.

## Hospital

Mrs. J. R. Larson, 1001 Sheridan Road, who suffered a leg fracture in a fall at her home, is in St. Francis Hospital. Her room number is 103.

## Humphrey Paid \$200 For Lots

NEW YORK (AP) — A spokesman for Vice President Hubert H. Humphrey says the Democratic presidential candidate paid \$200 for lakeside property in Minnesota that the Chicago Tribune had charged he accepted as a gift.

In a statement Wednesday, Norman Sherman, Humphrey's press secretary, said Minneapolis dairyman Ray Ewald "sold six lots of unimproved pastureland at Lake Waverly" to the vice president in 1955.

The controversy arose after the Tribune published a story saying court house records in Wright County, Minn., showed Humphrey had "accepted six valuable lakeside lots" from Ewald whose dairy was the target of an antitrust action.

The story described Ewald as a "financial angel" of the Democratic party and said the transfer of the property, which took place while Humphrey was a senator, was not recorded for two years.

Sherman's statement said: "In 1955, Ray Ewald, a Minneapolis dairyman, sold six lots of unimproved pasture land at Lake Waverly to the vice president with the understanding that he (Humphrey) would improve the property. This was part of 12 lots owned by Mr. Ewald."

"The land was unused and unimproved. On May 1, 1955, the assessed value of all 12 lots, including six improved lots not part of the sale, was \$530. The vice president paid Mr. Ewald \$200 as consideration for the property."

"Mr. Ewald, a Republican, was and is a personal and family friend of the vice president's, who was then a senator."

"The vice president was not involved in any way at any time in any antitrust act on involving Mr. Ewald."

## Cruel Treat

DES MOINES, Iowa (AP) — Catherine Jurgensen said her grandchildren, ages 3 to 4, returned home Wednesday night from trick or treating and dumped their treats on the kitchen table.

Mrs. Jurgensen broke open one of the popcorn balls and discovered embedded in it a fish hook.

**DRUG SCRIPTS**

W. J. Bisdee

Don't Be A Do-It-Yourselfer

In matters of health, self-medication can be both dangerous and costly. We do not expect you to run to your doctor every time you have a headache. Neither should pains and symptoms that persist beyond a reasonable period of time be neglected. Self-medication can mark important symptoms making diagnosis difficult, or worse yet, produce a false feeling of well-being beyond the point where a disease can be controlled.

Often a customer asks us for a drug he has read about or heard of from a friend. The greatest service we can render is to say "no." Only your physician is qualified to prescribe for your health needs. You will get better faster.

You will also be wise to take your prescriptions to GROOS DRUG STORE. Expert medical attention and competent prescription service make a hard to beat combination. Come see us. We're at 1007 Ludington St. . . Dial ST 6-3552.

BE SURE TO VOTE NEXT WEEK . . . Gibson Greeting Cards . . . Whitman Candy . . . Prescription Delivery.

## Procedure For Emergency Vote

Curious about whether the State will be regulated on (ex-use the expressions) C. S. T. or E. S. T. during Election Day - Nov. 5?

What's the deadline for filing that Absent Voter Application?

Could you lose your right to vote if an emergency arose Election Day and you were unable to make it to the polls?

These and all sorts of interesting facts on election rules and regulations are available from the office of County Clerk, Fred Lesica.

Bernard J. Apol, Director of

## Demos To Rally At Seney Hall

Former Congressman Raymond Clevenger and former State Representative Einar E. Erlandsen head the list of candidates who will address the final Democratic Rally in Schoolcraft County on Sunday. The Rally will get under way with a 6 o'clock (E.S.T.) smorgasbord dinner at the Seney Township Hall under the sponsorship of District 1 of the county supervisor's office.

Thurman Skarritt, Sr., District 1 candidate for Board of Supervisors, is general chairman of the Rally and is assisted by Leonard H. Shay, Fred Lesica, Mr. and Mrs. Pat Sadler, Mr. and Mrs. Mike Sadler, Mr. and Mrs. Norman Nelson, Mr. and Mrs. Clayton R. St. Martin, Mr. and Mrs. Clifford Rose, Mr. and Mrs. Clyde Hutt, Jennie Nelson, and Jack Riorion.

The Rally will feature a question-and-answer session of the candidates and a discussion on the five propositions on the Nov. 5 ballot. The non-partisan office of District Judge will be discussed by candidates Robert Berger and Charles Stark.

### Hospital

Admitted to Schoolcraft Memorial Hospital were Sharon Smith, Audrey Morrison, Doris Hentschell, Jackie Gregurash, Jackie Arboll, Patsy Rodgers, Allen Lenz, Betty Mathews, Harold DeShetler, and Albert Beckman.

Discharged were Ethel Harbensi and baby, Jackie Gregurash, John Carstensen, Charlotte LaFleur, and August Carlson.

**ELECT**  
**ROBERT G. BERGER**  
**DISTRICT JUDGE**  
Non-Partisan — outstanding legal qualifications. Life long resident of Schoolcraft County.  
(Paid for by Berger for Judge Committee)

Elections, State of Michigan, says the polls in Schoolcraft County should be regulated by E. S. T. unless the Board of Supervisors advise otherwise. (E. S. T. is the time most of Schoolcraft County is observing excepting the "talking - musical media" which is using the other alternative.)

Apol quotes Section 168.721 of the Michigan Election Laws as his authority for poll time regulation.

Absent Voter applications must be filed by 2 p. m. Saturday (E. S. T.) with the city or township clerk, depending on where the applicant resides.

If an emergency should develop to keep you away from the polls next Tuesday, you may still vote provided you or a designated agent (representative) make application to your clerk before 4 p. m. on Election Day.

The clerk will authorize an emergency application under two qualifications: 1) physically disabled or 2) sickness or death occurring in your family which necessitates your absence from the county.

If everyone eligible to vote casts his or her ballot next Tuesday in Marquette County - count of Schoolcraft County will be 4,586. This is a 406 increase over the August 1968 primary registration.

Total registration figures for the eight townships and three city precincts:

Doyle: 376; Germfask: 253; Hiawatha: 519; Inwood: 253; Manistique: 329; Mueller: 190; Seney: 93; and Thompson: 239. Total township registration: 2,253.

City precinct No. 1: 1,028; City precinct No. 2: 607; City precinct No. 3: 698. Total city registration: 2,333 voters.

In the last presidential election year — 1964 — there were 4,450 registered voters in Schoolcraft County.

An Election Workers School was held Wednesday afternoon in the Court House with Bruno Nardi of Escanaba, elections instructor, and Lesica conducting the instruction. All city precinct and rural elections workers attended the two hour class of instruction.

## Fourth Champion, Sets New Record

DETROIT (AP) — A 16-year-old Saline high school student showed her fourth consecutive championship steer at the Detroit Junior Livestock Show Wednesday. Nancy Dibble is the first person in the history of the 39-year-old show to achieve such a distinction.

In other competition at the Michigan State Fairgrounds, Brenda Bussing, 12, of Coldwater showed the grand champion swine for the third year in a row.

Mark Chapman of South Rockwood had the grand champion lamb. He also won the event two years ago.

More than 750 animals shown by 250 4-H Club members from 25 Michigan counties will be sold at an auction today.

## MANISTIQUE

PART OF THE model campsite which Boy Scouts of Troop 402 erected on the Triangle Park lawn in downtown Manistique recently. The boys of the Troop and their Scoutmasters were available during the two-day project to answer questions and escort prospective Scouts and their parents around the camp. (Photo by LeBrasseur)

## Sentence Texan To Marquette

Arturo Chavez Ramirez was sentenced to an indeterminate term of from eight to fifteen years in Marquette Prison by Circuit Judge George S. Baldwin Wednesday noon in Manistique.

In passing sentence Judge Baldwin noted that the 8 year minimum was determined by the court while state law provides a maximum of 15 years on a breaking and entering charge.

The 21 - year old Texan was reprimanded by the court for the seriousness of the offense when Judge Baldwin remarked that "you entered this private home in the nighttime with a knife in your hand. You could be standing before me accused of murder instead of breaking-and - entering with intent to commit larceny."

Ramirez's sentence was pronounced retroactive to Aug. 27, 1968 - the date of his arrest. He was returned to the custody of Sheriff Lloyd Gray until transportation is available to take him to Marquette.

A judgement of \$2,276.64 against John W. Brown, 634 Manistique Ave., was awarded plaintiff Nylon Net Corporation, Memphis, Tenn. In addition, the ruling stated that interest at the rate of five per cent is to be paid plus court costs. Nylon Net Corp. sued Brown to recover the cost of fishing equipment they claimed he owed.

### Church Events

**Bishop Baraga Circle**  
Bishop Baraga Circle will meet on Wednesday, Nov. 6 at the home of Mrs. Ronald Patrick, Center St. Mrs. William Pistulka and Mrs. Fred Hinkson, Sr. will be assisting hostesses.

## Announce Cast For Senior Play

The cast of the Manistique High School Senior Play, "That Groovy Guru" by Christopher Sergel, has been announced by Mrs. Earl H. LeBrasseur, director. The play will be presented in the MHS Auditorium on Saturday, Dec. 14.

Miss Corally Kell, student teacher from NMU who is doing her practice teaching at the Manistique High School, is assisting Mrs. LeBrasseur. Diane Pace has been selected student-assistant director.

Pete Cockram has been cast as Krishna, the Guru; Pam Putvin, Indir, his daughter; Merry Jo DeSautel, Diana; Gigi Gray and Wayne Fleck, Mara and John; Pete Lequia, Freddie; Cindy Dori, Geranium; Joan Villeneuve, Cory; Mindy Orr, Nicotina.

### Briefly Told

**Central, Doyle, Fairview** and Hiawatha Schools hot lunch menu for Friday will be sliced breast of turkey, whipped potatoes an digiblet gravy, cranberry sauce and fruit.

**Lakeside Lodge 371, F & AM**, will meet Monday, Nov. 4 at 8 p.m. E.S.T. Lunch will be served and all visiting Masons are invited to attend.

**The Dramatics Club** of MHS will attend the NMU production of "The Adding Machine" on Friday evening. The Dramatics groups will be chaperoned by faculty members and will depart from the high school at 5:15 p. m. The bus is not scheduled to return until 1 a.m. because of the time difference. Eric Larson, former MHS Thespians, is a member of the cast.

Also: Sharon Renk, Queen; Jim Sangraw, Feinberg; Dave Rood, Randy; Jim Frederickson, Leo; Diane Pace, Rosey; Laurie Lockwood, Paulette Nelson, Johanna Chvala, Mosquito, Cricket, and Katydid; Dave Howe, Rex; Janice Goudreau, landlady; Lerry Davidson, policeman; Brenda Webber, Miss West; and Kathy Fox, Society for the Prevention of Cruelty to Animals lady.

Try - outs were held last week with play production to begin next week. The play has been described as "free - flowing, with its undercurrent of an ancient and beautiful non-violent philosophy."

## Watson Promoted To Orient Post

Northwest Airlines today announced the appointment of David H. Watson as manager of sales and operations for Southeast Asia and Hong Kong, effective Dec. 1.

Watson is a native of Manistique, a U. S. Navy veteran of the Korean conflict, and a graduate of the University of Michigan. He joined Northwest Airlines in 1954 as a transportation agent in Detroit. He later held sales representative positions in Cleveland and San Francisco and in 1960 was promoted to District Sales Manager in Dallas.

He returned to San Francisco at district sales manager in 1962, and the following year became the airline's district sales manager in Philadelphia, the position he now occupies.

Watson is married to the former Margaret Weber of Dallas, Tex., and the couple has two children.

### Germfask

**Ladies' Aid**  
The Grace Lutheran Ladies' Aid met Tuesday evening at the home of Mrs. Warren Anderson at Seney. Election of officers for the coming year was held as follows: president, Mrs. Ling Burns; vice president, Mrs. Warren Anderson; secretary, Mrs. Gerald Updike; treasurer, Mrs. James Barker; flower committee, Mrs. Barbara Ackley; work committee, Mrs. Adeline Parker, Mrs. Nettie Ackley and Mrs. Barbara Ackley.

The next meeting, Nov. 5, will be held at the home of Rev. and Mrs. Allen Parks at Newberry.

Mrs. Elizabeth Anderson is a patient at Schoolcraft Memorial Hospital, Manistique.

Mr. and Mrs. Leonard Davis Jr., and family, have moved to their new home which was formerly owned by Mr. and Mrs. Eugene Nessler.

Mr. and Mrs. Fred VanLoo of St. Clair Shores visited her daughter and husband, Mr. and Mrs. Harold Lustila Sr., over the weekend.

Mr. and Mrs. Kenneth Lytle, Mr. and Mrs. Duane Streeter and Dale Streeter, traveled to Ann Arbor to visit Dale Streeter's daughter, Mrs. Clara Crall, who is a patient at St. Joseph Hospital.

Mr. and Mrs. Thurman Skarritt visited at the home of her sister and husband, Mr. and Mrs. George Leimentine and family at Mass, Mich., over the weekend.

Edward Swisher of Ann Arbor and his brother - in - law, Raymond Mannlein of Whitmore Lake were guests at the home of Mr. and Mrs. Hubert Latsch.

Emmett Crawn of Metamora spent the weekend at his home here.

### Isabella

**From California**  
Pat Bourgois has arrived from Sacramento, Calif., to be with his brother, Clifford, who is seriously ill at the V.A. Hospital in Iron Mountain.

### Card Party

There will be a public community card party Sunday at the Isabella Community Hall beginning at 8 p. m. Hostesses will be Mrs. Harvey Sundin, Mrs. Sam Richmond, Mrs. Henry Turan and Mrs. Ross Guertin.

Mr. and Mrs. Gerald Fussey of Alpena were guests of Mr. and Mrs. Harvey Sundin recently.

Mr. and Mrs. William Morrison and Mrs. Peter Turan of Chicago visited relatives and friends here over the weekend.

### Seney

Mr. and Mrs. Clyde Tobin Jr., and daughter Lansing called here on Saturday at the Norman Nelson home.

Mr. and Mrs. Howard Carpenter and Mrs. Pearl Smith attended the Masonic dinner at Newberry Saturday.

Warren Anderson, who has been receiving treatments at the V.A. Hospital in Iron Mountain, has returned home.

Mrs. Bertha Morrison left Friday for Rochester, Minn., where she will receive a medical checkup at the Mayo Clinic.

# Nov. 5 Ballot, Proposal 1

## Bans Exception On Graduate Tax

LANSING (AP) — Michigan is the only state in the union with a constitutional provision specifically forbidding a graduated income tax. Voters will be asked next Tuesday to erase that provision.

Proposition One on the ballot would, if approved, delete from the state constitution a section reading: "No income tax graduated as to rate or base shall be imposed by the state or any of its subdivisions."

Replacing it would be this language: "An income tax at flat rates or graduated as to rate or base may be imposed by the state or any of its subdivisions."

Michigan now has several flat-rate income taxes. The state taxes individual income at 2.6 per cent, corporate income at 5.6 per cent and the income of financial institutions at 7 per cent.

Cities may tax the incomes of residents at 1 per cent and those of nonresidents working in the city at 0.5 per cent. Detroit earlier this year was given special authority by the Legislature to tax resident income at 2 per cent, which it began doing Oct. 1.

### Tax Is Flexible

A flat-rate tax is one under which taxpayers pay the same percentage of their taxable incomes no matter what the size of those incomes.

In Michigan, a man who earns \$7,000 a year in taxable income pays 2.6 per cent of that \$7,000. A person earning \$50,000 in taxable income would pay considerably more money in taxes, but still he would be taxed at the same rate—2.6 per cent.

Under a tax graduated as to

### National Forest Timber Sale

National Forest Timber Sale, Hiawatha National Forest, West Buckeye Sale, located within Section 36, Township 43 North Range 21 West and Section 1, Township 42 North, Range 21 West, Michigan Meridian. Sealed bids will be received by the Forest Supervisor, Box 316 Escanaba, Michigan 49829, up to 2:00 p. m. (CST), December 3, 1968, for an estimated 85 thousand and board feet of timber marked for cutting. The estimated volume by species-product and the minimum acceptable bid rate is: 63 MBF Sugar Maple Sawtimber (10% veneer) at \$41.58 per MBF; 9 MBF Elm Sawtimber at \$17.59 per MBF; 7 MBF Basswood Sawtimber at \$40.73 per MBF; 3 MBF Yellow Birch Sawtimber at \$63.30 per MBF; 3 MBF Cedar Sawtimber at \$15.05 per MBF. The above volumes will be accepted as final.

The required bid guarantee is \$250.00. The right to reject any and all bids is reserved. Full information concerning the timber, the conditions of sale, and the submission of bids should be obtained from the District Ranger at Rapid River, Michigan or the Forest Supervisor, Escanaba, Michigan.

NEW IMAGE for Twiggy, who is letting her hair grow and wears it in dangling curls as a change from the "little boy" look. The top British model also wears rings on all fingers for femininity.

### Firing Teachers Over Union Dues

LANSING (AP) —Atty. Gen. Frank Kelley has declined to rule on whether teachers may be fired for refusing to pay union dues, State Sen. N. Lorraine Beebe, R-Deerborn, said Wednesday.

Mrs. Beebe said she had requested a legal opinion in light of a case in her district, where several teachers are refusing to pay dues despite a contract between the union and the board of education.

She said Kelley told her he would not rule on the question since the case is now before the State Tenure Commission.

## It's Time For A Change in the office of Prosecuting Attorney

Our present prosecuting attorney boasts of a record which consists of "over 97% convictions in hundreds of Circuit Court cases."

He would like you to believe that he has tried hundreds of criminal cases and obtained guilty verdicts in over 97% of them.

### Here Are The Facts:

1. He has tried only 30 Circuit Court criminal cases during his entire 16 years as prosecuting attorney!
2. Of the 30 cases he tried, he obtained convictions in only 19 cases. In fact, in the last 5 years, he has convicted less than 34% of the lawbreakers tried!
3. Lawbreakers have pleaded guilty in many Circuit Court cases because of excellent investigation by Delta County law enforcement officers. The appearance of the prosecuting attorney in most of these cases was a mere formality!

Effective law enforcement requires a team — a good police force supported by a prosecuting attorney who will vigorously prosecute lawbreakers and obtain convictions.

Delta County has excellent police personnel ... Now complete the team!

### Girl Scouts To Begin Nut Sale Saturday

Junior, Cadette and Senior Girl Scouts will take orders for their annual Nut Sale, Nov. 2-9. The girls will take orders for dry roasted peanuts, new fancy salted mixed nuts and old fashioned peanut crunch.

Chairmen for Delta County are—North Delta, Mrs. Milburn Nolan, 715 Dakota Ave., Gladstone, 425-9361; Central Delta, Mrs. Stephen Fraddo, 943 Stephenson Ave., Escanaba, 786-6491; and South Delta, Mrs. George Douglas, 709 5th Ave. S., Escanaba, 786-0397.

The Girl Scouts use the profit from this sale for troop activities and for the camping program. Only registered Girl Scouts may participate in the sale.

### Franklin Carnival

The Franklin School Halloween carnival will be held from 7 to 9 p. m., today at the school. Games will be played and booths set up in the various rooms. Prizes will be offered for the best costumes.

Lunch and refreshments will be served throughout the evening.

In Basel, Switzerland, chimney sweeps still wear traditional top hats and carry ladders and brooms.

## Women's Activities

### Handbell Choirs To Present Fall Concert Sunday

The Handbell choir of the Moravian Church in Daggett will present their annual fall concert Sunday, Nov. 3 in the church sanctuary beginning at 3 p. m.

Hymns, chimes and anthems will be rung and sung by the three choirs of the church. Special numbers on the program include, a handbell solo, "Morning Payer," rung by Sheryl Johnson and a carillon selection, "Blessed Are They," by Shirene Hirsch.

Special guests include Cindy Kuich, soloist from the Menominee Presbyterian Church and Mary Ann Peterson, guest organist from Bethlehem Covenant Church in Stephenson.

Choir directors are Jean Nelson and Shirene Hirsch and accompanist is Mrs. Morris Van Horn. The Rev. Allen Bergman is pastor of the Daggett and Menominee Moravian churches.

A coffee hour will follow the program and the public is invited to attend.

### Birthday Party Saturday Honors Louis Racicot

On Saturday, Oct. 26, a surprise party was held in honor of Louis Racicot on the occasion of his 78th birthday at the home of Mr. and Mrs. Don Erickson, 712 S. 13th St.

Attending the party were Mr. Racicot's children and their families, Mr. and Mrs. Melvin Racicot, Mr. and Mrs. Harold Racicot, Mrs. Fred (Eunice) Morin, Mr. and Mrs. Gordon (Jerry) DeMars, Mr. and Mrs. Fran (Alvera) Gaudrault, Mr. and Mrs. Phil (Delores) Vau and Mr. and Mrs. Don (Donna) Erickson.

Also in attendance were Mr. Racicot's sister, Sister Colombero, O.P., of Utica, Mich., Eleanore Anderson of Niagara, Belle Bodette and Mrs. Louis Erickson of Escanaba.

Mrs. Daniel Villeneuve (Gordon Nelson Studio)

### Bernadette Wils Bride Of Daniel Villeneuve

All Saints Church in Gladstone was the setting Saturday, Oct. 26 for the double ring ceremony uniting in marriage Bernadette (Bunny) Wils of Gladstone and Daniel Villeneuve of Langley AFB, Va.

Msgr. Matt LaViolette officiated at the nuptials at 12 noon. The bride is the daughter of Mr. and Mrs. James P. Wils Sr. of 1610 Dakota Ave., Gladstone and parents of the bridegroom are Mr. and Mrs. Harold Villeneuve of 1108 S. 14th St., Escanaba.

Miss Peggy Rissanen of Gladstone was the maid of honor and bridesmaids were Fran Kinnie of Gladstone and Mrs. James P. Wils Jr. of Escanaba, sister-in-law of the bride.

**Ivory Satin**

The bride selected for her wedding a floor length A-line gown of ivory satin fashioned with a wedding ring collar, long tapered sleeves and a detachable wattle train edged with Venise lace.

A forward headpiece of Chantilly lace petals trimmed with pearls secured her triple tiered veil of imported silk illusion and she carried a crescent bouquet of ivory cymbidium orchids with ivory satin streamers.

The bridal aides wore floor length gowns of persimmon georgette over taffeta styled with high rolled collars, satin cuffed sleeves and matching georgette coats.

**Cluster Headpieces**

Cluster headpieces of matching loops, petals and maline net completed their attire and they carried crescent bouquets of white Fuji mums with moss green velvet ribbon.

Serving as bestman for his cousin was John Villeneuve of Escanaba and Jack Hughes and John Way, both of Escanaba, groomsmen. Performing ushering duties were James Wils Jr. and Bill Peltier, Escanaba.

**Mothers' Attire**

Mrs. Wils wore for her daughter's wedding a three piece green and ivory knit suit with black accessories and Mrs. Villeneuve selected a beige lace dress and coat ensemble with brown accessories. Both of the mothers were presented ivory cymbidium orchid corsages.

The wedding reception was held at the Gladstone Legion Hall. After a wedding trip to a undisclosed destination, the couple will reside in Hampton, Va. Both young people are 1967 graduates of Holy Name High School.

### Escanaba Knights To Sponsor Dance For Boys' School

Escanaba Council 640, Knights of Columbus, will sponsor a benefit dance for the Boysville Boarding School from 9 to 1 p. m., Saturday at the K. of C. clubrooms in the Sherman Hotel.

All Knights and friends have been invited to the dance by Grand Knight Gene Marcantonio. Irving Houle is in charge of arrangement.

The dance in Escanaba is part of the 14th annual State Council Knights of Columbus Boysville benefit program. Music will be provided by Chet Marrier.

Boysville is a non-correctional boarding school for Catholic boys from eighth grade through high school, sponsored by five Catholic Dioceses of Michigan. It is located at Macon, Mich., in Lenawee County.

Operating finances for the school are provided by the Knights of Columbus of Michigan through voluntary donation and benefit projects.

### U. P. Stamp Collectors To Meet Wednesday

All Upper Peninsula stamp collectors are invited to attend a combined dutch-treat dinner and stamp meeting at Jack's Restaurant in Rapid River on Nov. 6.

The dinner will be held at 7 p. m., (EST) followed by the business meeting and program at 8 p. m. (EST). The program entitled, "The First Japanese Airmails, Genuine and Foreign," will be presented by Don Chinnery of Marquette.

Interested persons are to contact Raymond J. Gudgest, 806 Minnesota Ave., Gladstone, (425-7391) before Wednesday for reservations.

### Events

**Square Dance**

Delta Merry Mixers will hold their regular square dance Friday from 8 to 10:30 p. m., at the Bay de Noc College. Caller will be Steve Baltic. All square dancers are welcome.

**St. Patrick's Guild**

November meeting of St. Patrick's Guild will be held at 8 p. m., Monday in the parish hall. There will be a brief meeting followed by the usual social with prizes at each table and a guest prize. St. Ann's Circle will be in charge of the social with Mrs. Walter Kulik and Mrs. Anthony Wahl, co-chairmen.

**Halloween Dance**

The North Star Square Dance Club will hold a Halloween Dance Saturday, Nov. 2 at St. Joseph's Hall, 1224 Elizabeth Ave., Marinette, Wis., beginning at 9 p. m. Costumes are optional. Vern Bero of Green Bay will be the caller and pumpkin and mince pie will be served.

**Square Dance Club**

The Cotton 'N' Jeans Square Dance Club of Iron Mountain will hold a dance Saturday, Nov. 2 at the K. of C. Hall at 8:30 p. m. The caller will be Warren Gruetzmacher of Merrill, Wis.

GHOSTS AND GOBLINS will prowl this Halloween night and all set for the big night with pumpkins, pumpkins and more pumpkins are Brian Roberts, left, age five and David, 14 months, children of Mr. and Mrs. Marlin Roberts of 316 S. 3rd St. Little David looks as though he may have some apprehensions about, "all those pumpkins." ### Dear Friends:

ANN VILLENEUVE is still alive and working every day as your county treasurer.

In advertisements which have appeared in the county, you have been led to believe that my deputy's opponent has already moved into the courthouse and taken over my job. Nothing could be further from the truth.

MYRTLE OTTENSMA has served in the county treasurer's office for 12 years, the last 7 as Deputy County Treasurer. And, I might add, has served with distinction.

I am very grateful for the trust you have placed in me these past years, and I can think of no better way to show my appreciation than to recommend to you, MYRTLE OTTENSMA as my successor on January 1.

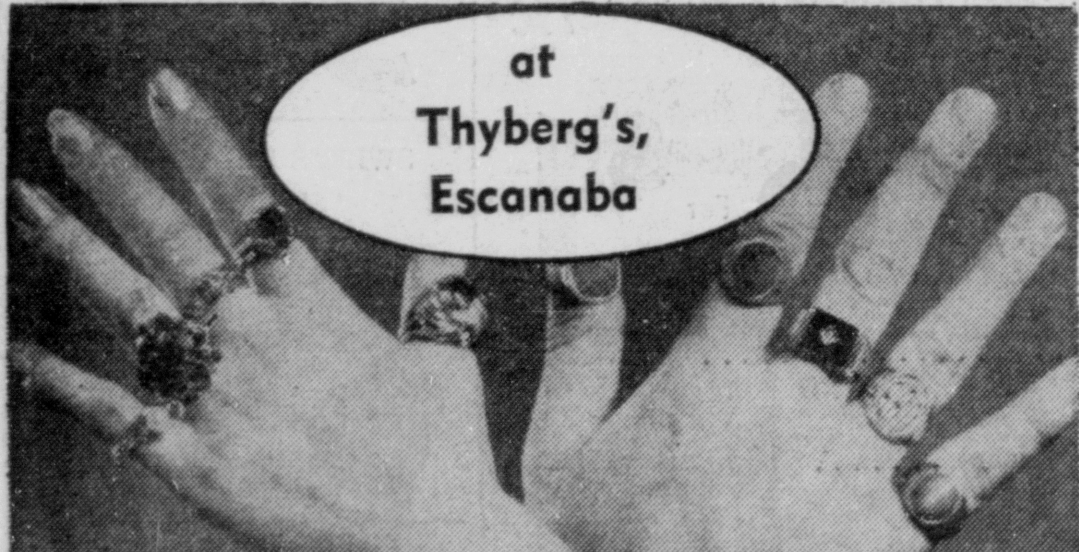

Your vote for MYRTLE OTTENSMA will be a vote for real experience. I hope you will see fit to benefit by her 12 years of experience in the office of the county treasurer.

Sincerely,  
**ANN S. VILLENEUVE**  
Delta County Treasurer

Nov. 5 Ballot, Proposal 3

# Bond Issue To Wage Water Pollution War

By JIM NICHOLS

LANSING (AP)—One of the biggest state borrowings ever proposed in Michigan—a \$335 million bond issue to help finance a 10-year war on water pollution—will be on the Nov. 5 ballot as Proposition Three.

Gov. George Romney, who proposed the bond program initially last January, has been leading the fight for it and a companion measure which would authorize borrowing \$100 million to accelerate recreational programs.

The recreation bond issue will be Proposition Four on next Tuesday's ballot.

If all \$335 million in water pollution bonds were issued at once—which is said to be unlikely—and if they paid 4 per cent over their 30-year life, it would cost the taxpayers of the state an estimated \$565 million, or about \$18.8 million a year.

The 30-year cost of the recreation bonds is estimated at \$168 million.

**Treatment Plants**

The \$335 million would go for part of a water cleanup program estimated to cost a total of around \$1.2 billion by 1980, the target date.

The Michigan Water Resources Commission reports there are 126 municipalities which have inadequate sewage treatment plants and another 210 communities which have none at all. These are the targets of the long-range antipollution program.

Of the \$1.2 billion proposed to be spent, \$641 million would go for sewers and for facilities to control storm water overflows. Present plans call for this money to come from the local units themselves.

But the rest of the program—a \$568 million chore of improving sewage treatment plants, building new ones and constructing interceptor facilities—is to be financed jointly by the federal, state and local governments. The question is, how much federal money will be available.

The formula currently in federal law calls for Washington to pay 50 per cent of the cost of this phase of the project, with the state and the local unit involved paying 25 per cent each.

**Federal Share**

But, says Romney, it's not certain the federal government will pay its full share. In the past, he notes, Congress has appropriated less than the authorized amounts for Michigan.

Assuming that of the \$284 million it should appropriate, Congress actually appropriates \$141 million, then the state would have to cough up the extra \$143 million to meet the program's target date. That plus the state's original 25 per cent share of the job, or \$142 million, makes a total of \$285 million the state would have to contribute.

The requirement that the local units come up with another \$142 million also is a problem, Romney says, because many of the communities involved are villages with little revenue available for the job.

**\$57 Million Outstanding**

Therefore, the proposed bond issue also includes \$50 million intended to be used as a fund for grants, loans and advances to the local units to help them carry their share of the clean-water project.

If the federal share is higher than the assumed \$141 million, the state would not need to issue all \$335 million worth of bonds, and the projected debt service charges would be lower than the \$565 million maximum.

Michigan now has \$57 million worth of full faith and credit bonds outstanding, and is in debt some \$876.45 million through other forms of obligation.

Romney and other backers of the new bond issues note that two existing state bond issues will be retired by June, 1971, freeing some \$13.5 million a year to meet the costs of the new bonds.

Some arguments which can be cited for and against the bond proposal include:

**FOR:** Water pollution is one of our most serious problems; putting off action for long will mean higher construction costs and could result in the irretrievable loss of some waterways.

**AGAINST:** Water pollution is only one of many pressing problems. It should have no greater claim on available state funds than such things as education, mental health and antipoverty programs.

**FOR:** Dirty water hurts tourism, meaning less state revenue from that profitable source.

**AGAINST:** If it is local governmental units which are polluting our waters then let them—and not all the state's taxpayers—pay out the money required to stop it.

SHY SQUAW is actress Jackie Lomard, who is from Israel but portrays an American Indian in a French movie being filmed in Romania. To make it even more traditional, the hero of the eastern western is German.

OUR BOARDING HOUSE with Major Hoople

OUT OUR WAY

by J. R. Williams

Electric Car Director At Ford Motors Resigns

DETROIT (AP)— One of the top men in Ford Motor Co.'s program to develop an economical, electric-powered car is leaving his post but the company insists the project is still very much alive.

Dr. Jack E. Goldman, director of the Scientific Laboratory at Ford, said he would become group vice president for research and development at Xerox Corp.

He had been active for several years in efforts to develop a battery which would propel a small Ford car. It was in Goldman's laboratory that the company's sodium-sulfide battery, made public in 1966, was developed.

The search for a feasible power unit to propel electric autos attracted much attention that year, as both Ford and General Motors made moves in the area. Chrysler has some research under way in the electric car field, but has been more involved in a turbine car project.

Henry Ford II, chairman of the board of Ford Motor Co., gave the go sign for his company's electric car research project but indicated his personal belief was that such a car was far in the future.

He said in an interview a couple of months ago, "I don't see the electric car as a feasible method of transportation in my lifetime." He is 51.

Goldman, asked in an interview for comment on Ford's doubts about the electric car being in his future real soon, said:

"Mr. Ford has taken a very progressive and enlightened view on the role of research. His statement on the electric car only proves that in a good company research people are permitted to prove the chairman wrong — and this would have been a good challenge."

Spartans Lead Defense Stats

CHICAGO (AP) — Saturday's Big Ten football spectacular will pit Michigan State, the conference's No. 1 defensive team, against Ohio State, first on offense.

Official statistics Thursday showed the Spartans holding conference opponents to an average 257 yards a game, 130 rushing and 127 passing.

Ohio State is second with an average yield of 258. The Buckeyes are tops against rushing with a 120 yield.

Unbeaten Ohio State, ranked second nationally, is averaging 476 yards a game on offense, 323 rushing, which is tops and 153 passing. Iowa's 209 leads the passing.

Individual leaders include:

Rushing—Ron Johnson, Michigan, 399 yards, 86 carries; and John Isenbarger, Indiana, 342-63; passing — Dennis Brown, Michigan, 34-65—491 and 6 touchdowns, and Dave Shelbourne, Northwestern, 40-76—416-4; total offense — Brown 658, and Harry Gonzon, Indiana, 606.

Scoring — Leroy Keyes, Purdue, 30 points; pass receiving — Mel Reddick, Wisconsin, 16-176, and Barry Crees, Iowa, 15-302; kickoff returns — Bob Bess, Illinois, 5 for 27.8 average, and George Kemp, Minnesota, 6-22.2; punt returns — Doug Roalstad, Minnesota, 6 for 23 average, and George Hoey, Michigan, 4-16.8.

Interceptions — Tom Curtis, Michigan, 5 for 56 yards, and Mike Baughman, Indiana, 2 for 58; punting — Kerry Reardon, Iowa, 12 for 41.8 average, and Dick Berlinski, MSU, 12—40.4.

The Jefferson nickel was designed by Felix Schlag of Chicago in the first nationwide artists' competition ever sponsored by the U. S. Mint.

Tiant Named 1968 Man Of The Year

CLEVELAND (AP) — Pitcher Luis Tiant has been named the Cleveland Indians' Man of the Year for 1968 by the Cleveland chapter of the Baseball Writers Association of America.

Tiant's 21 victories were the most by a Cleveland pitcher since Early Wynn and Bob Lemon each won 23 games in 1954.

PROJECT INDUSTRIAL ENGINEER

This challenging position is concerned with varied cost reduction projects.

Applicants should have experience in:

- Assembly Methods and Control Analysis
- Work Simplifications
- Time Standards
- Data Development
- Production Records System
- Material Handling of Heavy Components
- Crew Size Analysis
- Plant and Workplace Layout

B.S. Degree in ME or IE with substantial experience in the matching assembly of heavy machinery or associated products is required.

☆ SENIOR TIME STUDY TECHNICIAN

This position requires a graduate engineer or the equivalent. Experience in the development of day rate standard data systems by stop watch time study is required.

☆ JUNIOR TIME STUDY TECHNICIAN

This position requires experience in the use of standard data work sheets for rate setting and the ability to use a stop watch.

# On The Sidelines

## With Mike Utt

The Menominee Maroons registered a first in M & M game history Saturday when they scored the first six times they had possession of the football against the Marinette Marines. It was only the second time in the long M & M series that Menominee struck the 40-point column. Marinette has reached the 40-point level once in the series.

Pat Collins and Tom Poquette finished their prep careers with outstanding records. Collins netted 1,119 yards in nine games this season and wrapped up his high school career with 2,256 yards. Poquette kicked 32 of 37 extra point attempts this season and recorded 52 in his two year varsity career. Poquette's kicking totals will stand as a record at Menominee.

The Marquette Board of Education has approved specifications for lighting the new Marquette High School athletic field. Superintendent Henry J. Bothwell told the board that there wasn't any lighting at the new field and that lights were necessary to carry on Marquette's present football program. Monday, November 11, has been set as the time for the opening of bids.

The Daily Mining Gazette of Houghton has selected the Calumet Copper Kings as the team of the year in the Copper Country. Calumet compiled a 5-0 conference record and an overall 6-2 mark this season. Calumet was previously chosen the Copper Country Team of the Year in 1966.

Fullback Dick Berlinski of the Michigan State Spartans, former Kingsford High School standout, has carried the ball 29 times this season for the Spartans for 114 yards. Berlinski also has caught one pass, that for a big first down against Syracuse in the opening game of the season, and does the punting for MSU. His 21 kicks have covered 789 yards for a 37.5 yard average.

The final Skyline Conference statistics for the 1968 season show Steve Swanson of National Mine winning the batting title over Pete Sevegnay of Republic by one percentage point. Swanson had 13 hits in 32 at bats for a .406 average and Sevegnay collected 15 hits in 37 trips to the plate for a .405 average.

Dave Siegler of Felch collected the most hits in the Skyline Conference, pounding out 16. Todd Lindeman of Channing posted the best ERA mark with a 0.25 and Sevegnay had the most strikeouts, fanning 85. Swanson had the best won-lost record, winning five and losing none, while Dennis Lundquist of Carney had a 5-1 record. Channing won the conference with a 10-1 record.

The Teamsters-VFW softball team of the Escanaba Softball Association will have to find a new pitcher for next season as Bill Groleau, former WLST radio station sports director, has moved to Charlotte, Mich., where he is working at WCER radio. Groleau won 20 games for the Teamsters-VFW softballers this past season.

# Final GNC Statistics

## Retain Same Leaders

Escanaba's victory over the Holy Name Crusaders in the final game of the season left them on top of the Great Northern Conference and the leaders in the four main statistical departments remained the same in the final statistics released by Ken Peterson, conference statistician.

The Eskymos finished the conference schedule with a 4-0-1 record to edge the second place Menominee Maroons, 4-1, for the title. Escanaba and Iron Mountain tied for first place in the Junior Varsity standings with identical 4-1 marks.

Steve Shoquist of West Iron County captured the conference scoring championship with 66 points on 11 touchdowns in the Wykons' five conference encounters. Pat Collins of Menominee was the runnerup with 54 points. Escanaba's Jim Olsen, Dan Mylander and Ken Robitaille finished in third, fourth and fifth places respectively.

Robitaille overtook Shoquist for second place in the rushing department but still finished far behind Collins, who picked up 696 yards in 116 carries. Robitaille's 367 yards were enough to slip by Shoquist, who had 362.

Iron Mountain's Bob Palomaki got the honors in the passing department, completing 49 of 99 attempts for 619 yards and three touchdowns. Greg Johnson of Escanaba finished in second place with 13 completions in 39 attempts for 316 yards and three touchdowns. Larry Rizzardi of West Iron County had the most touchdown passes, connecting on six aeriels.

John Bense of Iron Mountain caught 15 passes for 147 yards to lead the receivers. West Iron County's Mickey Holmes picked up the most yards, however, grinding out 167 on eight receptions.

Johnson, Escanaba's alert rover back, picked off four enemy aeriels, three in the Holy Name game, to take over the top spot in interceptions. Mike Kosovec of Iron Mountain, Ray Palmer of West Iron County, John Dailey of Holy Name, Dan Gauthier of Iron Mountain and Gary Strutz of Kingsford all

# Hart Involved

## In Fatal Mishap

SAN FRANCISCO (AP) — A car driven by San Francisco Giants' baseball player Jim Ray Hart ran over and killed a woman pedestrian on the southwestern fringe of San Francisco Wednesday night, police said.

Hart was questioned and released, police said, but investigation was continuing.

JIM OLSEN, bruising Escanaba Eskymo fullback, is met after a short gain by a Holy Name Crusader defender in the Eskymos' victory over the Crusaders Saturday, giving them the Great Northern Conference championship. Coming in to give help are Crusader halfbacks Tom Ness (20) and Joe Sinclair (40). (Daily Press Photo)

# Three Peninsula Teams

## Finish Season Unbeaten

Of the 35 teams engaged in interscholastic football in the Upper Peninsula, only three went through the season with unbeaten records and all were tied once during the campaign. All schools have completed their 1968 schedules except St. Ignace which closes this Friday night at Rogers City.

Topping the list of unbeaten are the Escanaba Eskymos, undefeated in 20 straight games stretching over a three year period. The Eskymos compiled an 8-0-1 record this season and scored more points, 311, and had the fewest points scored on them, 52, than any team in the U.P.

The Eskymos were ranked on top of the weekly U.P. Sportswriters Football Poll for seven straight weeks and are the defending U.P. football champions, winning the Barber Trophy last year after compiling a 9-0 mark.

Marquette and DeTour, the other two unbeaten squads, each posted 7-0-1 records and finished their seasons two weeks ago.

The Redmen scored 160 points in their eight contests this year and allowed 67 points to be scored on them. Marquette won seven in a row after

# Great Northern Coaches

## Select Conference Teams

KINGSFORD — West Iron County and Escanaba dominated the selections to the All-Conference team selected last night by the football coaches of the Great Northern Conference teams.

The Wykons placed five players on the offensive team and four on the defensive unit, while the Eskymos had three offensive players named and five selected to the defensive team.

Players named from Escanaba were Greg Johnson, John Moberg, John Mileski, Kent Anderson, Wes Peterson, Steve Strophich and Ken Robitaille. Junior fullback Dan Young from Holy Name was named to both the offensive team and the defensive unit.

Escanaba players getting honorable mention were Kent Anderson, offense; Ken Robitaille, offense; Jim Olsen, offense; John Moberg, defense; John Mileski, defense and Dan Mylander, defense. Holy Name's Tom Creten got honorable mention offensively and Dick Rusch received mention on the defensive team.

The coaches decided to set up the conference wrestling schedule so that when two schools are scheduled to play a basketball game, the school that is the home team in basketball would send its wrestling team to the other school on the Thursday preceding the basketball game.

The date for the spring meeting was set for March 26 with Kingsford being the host school again.

# Red Sox Slugger

## Not On Roster

BOSTON (AP) — Sideline slugger Tony Conigliaro's name isn't on the Boston Red Sox' winter roster, apparently leaving him available in the December draft to any team that wants to gamble \$25,000 on his comeback chances.

Conigliaro hasn't played since suffering an eye injury when hit by a pitch Aug. 18, 1967. He failed in a comeback bid during spring training last season, but worked out at times during the campaign and has said he wants to try again next year either in his old outfield spot or as a pitcher.

Other veterans not on the Red Sox' winter roster included outfielder Floyd Robinson and catcher Russ Nixon. The club said Robinson had been released outright while Nixon had been assigned to their Louisville farm in the International League.

Michigan State assistant football coaches Don Coleman and Al Dorow were fellow first-string All-America selections in their 1951 MSU undergraduate year.

# Big Ten Briefs

NORTHWESTERN — Starting linebacker Roy Fortshoff is out two weeks with a fractured finger. Also missing the Michigan game is tackle Bob Hecker who is shelved for the season with a dislocated shoulder.

OHIO STATE — Ted Provost, defensive back, injured his wrist in practices for Michigan State but is expected to play.

WISCONSIN — Tailback Dan Crooks has recovered from a knee injury and will start against Indiana. He replaces Joe Dawkins, who still is nursing a pulled muscle.

INDIANA — Jim Sniadecki, star senior linebacker, returned to action after missing two games with a broken left thumb.

NEW YORK (AP) — Clifton McNeil, the Cleveland castoff who found a new home at San Francisco, is making a runaway of the pass catching race in the National Football League.

At the halfway mark in the race, the speedy flanker has caught 43 passes for 584 yards, an average of 13.6 and has scored four touchdowns. His closest competitor, Charley Taylor of Washington, the champion for the last two years, has caught only 31 passes.

Bart Starr's passing display against Dallas earned the Green Bay quarterback the lead in passing. Starr has a 65.5 percentage of completions, 13 touchdown passes, 60 percent of interceptions and an 10.01 average gain.

Gale Sayers moved back out front in the rushing race. The Chicago Bears' halfback has run for 619 yards on 103 carries, a six-yard average.

Bill Brown of Minnesota retained the scoring lead with 10 touchdowns for 60 points, while Billy Lothridge of Atlanta took over the No. 1 spot in punting, displacing Mike Bragg of Washington. Eddie Meador of the Los Angeles Rams moved out front with six interceptions.

# Aztecs Maintain Big

## Lead Over NDS Bison

By The Associated Press

San Diego State held on to its big lead over North Dakota State, while Chattanooga and Weber State made big leaps upward in The Associated Press' small college football poll this week.

The Aztecs, who made San Jose State their sixth straight victim 48-6 last weekend, drew all but three of the 17 first-place votes in the balloting by a regional panel of sports writers and sportscasters for 312 points.

North Dakota State, 7-0, didn't attract a single first-place vote, but used strong second ballot strength for 269 points to remain second.

Chattanooga, 7-0, vaulted from fifth to third following a 31-9 conquest of The Citadel, while New Mexico Highlands, 8-0, remained fourth and Weber State, 6-0, and Tampa, 5-1, tied for fifth. Tampa, which surprised Mississippi State 24-17 last weekend, was 14th a week ago.

Rounding out the Top 10 were Eastern Kentucky, from 11th to seventh; Indiana, Pa., from ninth to eighth; Morgan State, from 12th to ninth, and Western Kentucky, which fell from third to 10th after a 16-7 loss to Eastern Kentucky.

Texas A&I was 11th, followed by Texas-Arlington, Arkansas State, Northern Michigan, Ak-

ron, Central Michigan, East Texas State, Lenoir Rhyne, and Troy State and Appalachian in a tie for 19th.

# Canadiens Triumph Six

## Times In Forced Travel

By The Associated Press

Claude Ruel has made the grand tour of the National Hockey League and he likes what he's seen so far. Now the new coach of the Montreal Canadiens heads for home and he hopes the hospitality is as good as it has been on the road.

The Canadiens, forced to open their National Hockey League season with eight games on the road while renovation work was completed on the Montreal Forum, responded with six victories, the latest a 5-0 job over Toronto Wednesday night.

In other NHL games, New York ripped Pittsburgh 7-3, Boston dropped Minnesota 4-2, St. Louis downed Philadelphia 4-1 and Chicago turned back Los Angeles 4-2.

ly mattered the way the Leaf defense performed in front of goalie Johnny Bower.

The Canadiens return to Montreal for their home opener against Detroit Saturday.

Eddie Giacomin, New York's goalie, suffered from a case of early non-support as Pittsburgh scored three times, twice while short-handed against the disgruntled Rangers. Veteran Charlie Burns and rookie Jean Pronovost both scored while killing penalties for the Penguins.

Then Jean Ratelle and Bob Nevin scored two goals apiece, pulling the Rangers out of it and New York scored its fifth straight victory over expansion teams with a seven-goal surge in 20 minutes.

"We would never get away with this against a team in our own division," said Coach Boon Boom Geoffrion, obviously worried about what will happen when the Rangers run out of expansion opposition.

in the West Division by whipping Philadelphia with defensemen accounting for the first three goals. Doug Harvey, Noel Picard and Barclay Plager all hit for the Blues with their first goals of the season.

Eddie Shack and Johnny Bucyk scored the third-period goals that gave Boston its first victory ever in Minnesota. The North Stars had wiped out an early 2-0 Boston edge with goals by Andre Boudrias and Bill Goldsworthy balancing early goals scored by Derek Sanderson and Fred Stanfield.

Bobby Hull scored his seventh goal of the season and assisted on a pair of other scores in Chicago's triumph over Los Angeles. Hull's unassisted tally came halfway through the second period after the Kings had cut the deficit to 2-1.

Pit Martin, Jim Pappin and Chicago Maki were the other Hawks' marksmen. Howie Hughes and Jim Peters produced the Los Angeles goals.

## Red Invasion Expensive Move

WASHINGTON (AP)—It cost the Soviet Union half a billion dollars to invade Czechoslovakia, U.S. officials believe, and the expense of occupation is going to drive the price of intervention even higher.

Officials said the \$500 million figure is an educated guess that represents only the cost of the preparation and the actual invasion itself last Aug. 21.

Until it is clear how many Soviet troops are going to stay in Czechoslovakia and how long, officials say it will be impossible to put a price tag on the overall venture.

Experts also think Soviet agricultural production was hurt when the Russians and their Warsaw Pact allies rolled across Czech frontiers to put an end to the political liberalism of the Prague government.

Large numbers of reservists had been mobilized for pact maneuvers before the invasion and were kept in uniform until well after, causing many soldiers to miss harvest time.

## Milwaukee Balks On Christmas Tree

MILWAUKEE, Wis. (AP) — The city may not have the traditional lights this year, on the traditional Christmas tree, and may not even have the tree.

Aldermen objected Tuesday to the lighting bill for the estimated \$18,000, 65-foot-high tree, comprised of 850 standard-size evergreen trees on a wood frame.

The city has sponsored an enormous tree since 1913. But aldermen referred the 1968 proposal back to committee after reviewing the estimated costs.

Aldermen balked when confronted with an additional bill of \$1,050, for making the necessary electrical connections.

"I'm not against Christmas trees," Alderman Orville E. Pitts said. "But we could use the money more wisely. I'm wondering what kind of program we have to feed the hungry at Christmas time."

## In Service

Pvt. Felix J. Sacheck Jr., 19, whose parents reside on Rte. 2, Bark River, completed a field radio mechanics course at the Army Armor School, Ft. Knox, Ky. During the eight-week course, he received instruction covering electrical and radio fundamentals, radio maintenance and communication subjects. His wife, Suzanne, lives at 425 S. 9th St., Escanaba.

"NOW HEAR THIS!" But the kids give only polite attention and one ignores dad altogether. The generation gap seems all too evident in this photo made at a London zoo.

## Cuts Crippling Rescue Vessel

WASHINGTON (AP) — Hard-pressed Pentagon economists have been forced to make small but potentially crippling cuts in the program to develop a vessel capable of rescuing submarines trapped at great depths.

Specialists say the \$5-million cut that leaves \$74 million in the Navy's "deep submergence" project for this year takes away money earmarked for unexpected problems that usually crop up during a development process.

"It makes it much more difficult to solve current problems," one official said. "It eliminates the 'elbow room' in the development program."

The new cut was made as Pentagon authorities sought to meet a congressional order to trim spending by \$6 billion this year.

About a year ago, while preparing the fiscal 1969 budget, Defense Department officials denied the Navy some \$90 million to complete the final four boats of a planned force of six special rescue subs designed to operate to a depth of nearly a mile.

Current rescue equipment, dating back more than a generation, is unable to assure rescue of submarine crews beyond 300 feet.

## Recover Body

BAYPORT (AP) — The body of Edward Lowen, 14, of Pontiac was recovered from Saginaw Bay near Bayport Wednesday. The youth was one of three who drowned Friday while duck hunting. The body of one of the youngsters was recovered Friday and dragging operations were continued in search of the third.

**BADGER BAITING**  
Badgers were once used for a cruel sport called "badger baiting." They were placed in barrels, then made to fight dogs that were pushed in to drag them into the open. This practice led to the expression "to badger," meaning to tease.
